PROVINCIAL GOVERNMENT: NORTHERN CAPE

DEPARTMENT OF TRANSPORT, ROADS AND PUBLIC WORKS

NOTICE TO ALL CONTRACTORS

The Northern Cape Department of Transport, Roads and Public Works (DTRPW) is in the process of streamlining and fast-tracking its procurement processes with the objective of achieving improved efficiencies in respect of its delivery mandate.

An alternative procurement process has therefore been formulated. This notice serves to inform all contractors of the procedural changes that need to be followed from now onwards.

The DTRPW has opted for using the CIDB processes. The Construction Industry Development Board (CIDB) was established in terms of Act 38 of 2000. The objective of this statutory body is to stimulate sustainable growth, reform and improvement of performance and practice of the sector and according improve delivery across the country. The objectives of the department are in line with that of the CIDB.

The DTRPW is in a process of establishing a database of contractors through a thorough registration process that will ensure assessment of their capacity and skills. There will then be categorization of each contractor on two counts, the first being their specific team of contracting (civil, structural and general building, etc.) and the second is in terms of their capacity and skills base (Level 1 to 9). All contractors are urged to register as a matter of urgency. As from now onwards, any parties wishing to contract with DTRPW on the construction of Capital and Maintenance Projects, will have to be registered with the CIDB.

The same ranges as stipulate by the CIDB will be used by the DTRPW, as detailed below. This is essentially to ensure that the contractors can take the assigned risks and that they have the necessary guarantees in place.
