MATTERS DISCUSSED

11 PROVINCIAL HERITAGE SITES: SECTION 27 PERMIT APPLICATIONS

**11.1 Proposed Alterations on Rem of Ptn 12 Farm 653, Vergenoegd Farm, Macassar: MA
HM/CAPE TOWN METROPOLITAN/MACASSER/REM OF PTN 12 FARM 653**

Case No: 21070609XM0706E

RECORD OF DECISION:

The Committee resolved to approve the application as indicated on drawings numbered submission 3, dated 06 July 2021 and prepared by Urban Concepts as having met previous requirements on condition that:

1. The bricked-in doorway and window openings be recessed to retain the memory of these openings: on both sides for the doorway and on the internal wall faces of those window openings.
2. The gable attic window be retained without the proposed shutter.

XM

**11.2 Proposed Additions and Alterations on Erf 699, Somerset College, Bredell Road, Somerset
West: NM
HM/CAPE TOWN METROPOLITAN/ SOMERSET WEST/ ERF 699**

Case No: 21071407SB0817E

FURTHER REQUIREMENTS:

The Committee supports the proposals in principle. However, there is currently insufficient information regarding the fabric directly impacted by the proposals given that large parts of this barn that have undergone significant reconstruction at various stages.

Consequently, it is not clear to what extent the new mezzanine and walkway slab insertions will impact historic fabric. This will need to be clarified. The following is therefore recommended:

1. Ensuring that the new slabs are physically separated from the existing fabric wherever possible. This will have structural and architectural implications that will need to be resolved.
2. Providing clarity regarding the nature of the fabric impacted by the insertion of the widened opening in the east internal gable wall. Confirmation is needed as to whether this opening requires widening at all.

The applicant to provide images showing campus context and indicating precedent for the proposed new shutters for the existing arched windows in the building.

SB

**11.3 Erf 653, RE of Ptn 12 Vergenoegd Farm, Macassar: NM
HM/CAPE TOWN METROPOLITAN/SOMERSER WEST/ ERF 653**

Case No: 21080404XM

Refer to item 11.1.

XM

**11.4 Proposed Emergency Permit, Drostdy Museum, erf 87, 18 Swellengrebel Street, Swellendam:
NM
HM/OVERBERG/SWELLENDAM/ERF 87**

Case No: 21071607SB0818E

FURTHER REQUIREMENTS:

The Committee notes that this is an emergency application which therefore needs to be addressed with urgency. Nonetheless, the proposed remedial works in their current form are a source of concern. It is therefore strongly advised that a suitably qualified and experienced heritage architect, amongst others, be engaged to diagnose the problems and provide appropriate remedial specifications.

SB

12. STRUCTURES OLDER THAN 60 YEARS: SECTION 34 PERMIT FOR TOTAL DEMOLITION

**12.1 Proposed Total Demolition on Erven 1299 & 1300, 77 & 79 Shortmarket Street, Cape Town: MA
HM/CAPE TOWN METROPOLITAN/BO KAAP/ ERF 1299**

Case No: 21071209MS0712E

RECORD OF DECISION:

The Committee is of the view that this submission may be incomplete regarding the site's social and historical significance. Until this can be clarified, the Committee cannot support the demolition of the subject buildings.

XM

**12.2 Proposed for Total Demolition: Erven 977 and 978, Vredehoek: MA
HM/VREDEHOEK/ERVEN 977 AND 978**

Case No: 21061711 KB0728E and 21061712KB0728E

FURTHER REQUIREMENTS:

The Committee continues to have reservations with regard to the proposals, particularly its massing, scale, recognition of street patterns (including side spaces) and terracing. While the Committee accepts in principle that the new development can be higher, the design does not satisfactorily acknowledge the Virginia Avenue streetscape.

The Committee does not consider the tall blocks of flats within the nearby streets to be justifiable precedent for development within Virginia Avenue which has its own distinct scale and character.

The Committee endorses the heritage explorations commissioned by the street association and strongly recommends that the architect take these as design criteria along with the heritage consultant's indicators.

KB

**12.3 Proposed Removal of Cranes on Erf 10256, Tanker Basin Monument Road, Table Bay Harbour: NM
HM/CAPE METROPOLITAN/ TABLE BAY HARBOUR / ERF 10256**

Case No: 21052709SB0528E

HELD OVER:

The Committee notes that APM does not regard the current report on the crane as sufficient with regard to significance. This item will therefore be considered once the additional information requested by APM has been made available and APM's response thereto received for consideration by BELCom.

SB

**12.4 Proposed Total Demolition on Erf 883, 66 Bath Street, Montagu: NM
HM/MONTAGU/ERF 883**

Case No: 21071507KB0715E

FURTHER REQUIREMENTS:

The Committee cannot consider the demolition of this building without a heritage statement prepared by a suitably qualified and experienced architectural heritage specialist. This statement should address not only the building but also its spatial context.

It is nonetheless noted from the images provided that there do not appear to be strong reasons for demolishing this building on grounds of structural or fabric condition.

KB

**12.5 Proposed Total Demolition on Erf 19858, 70 Berlyn Street, Paarl: MA
HM/ CAPE WINELANDS/ DRAKENSTEIN/PAARL/ERF 19858**

Case No: 21062312KB0623E

RECORD OF DECISION:

The Committee resolved to approve the demolition application as not negatively impacting heritage significance with two of four members present dissenting.

KB

**12.6 Proposed Total Demolition, Erf 10617, Corner Tabak and Station Street, Paarl: MA
HM/PAARL/ERF 10617**

Case No: 21050609KB069E

RECORD OF DECISION:

The Committee endorses the Heritage Indicators document dated 25 August 2021 prepared by Lize Malan in terms of its general approach to the site's development, as this has great potential to not only regenerate the area but also sustain the surrounding historical buildings.

FURTHER REQUIREMENTS:

The indicators require a second level of detail that addresses the following:

1. The key scaling features of opposing building envelopes, particularly facing onto Tabak Street on one side, and the Railway Station on the other; as well as the relationship with Station Square.
2. The landscaping concept with particular attention to the relationship between the northern edge of the site and Station Square; and the relationships between the proposed parking courts within the subject property and the adjacent building edges around the perimeter of these parking courts.

KB

**13 STRUCTURES OLDER THAN 60 YEARS: SECTION 34 PERMIT FOR PARTIAL
DEMOLITION/ALTERATIONS**

**13.1 Proposed Additions and Alterations on Erf 797, 6 Malherbe Street, Wellington: MA
HM/DRAKENSTEIN/WELLINGTON/ ERF 797**

Case No: 21040601XM0722E

RECORD OF DECISION:

The Committee resolved to approve the application as indicated on drawing numbered 2003-01D dated 4 September 2021 as having met previous requirements.

XM

**13.2 Proposed Additions and Alterations on Erf 41855, 129 Main Road, Paarl: MA
HM/PAARL/ERF 797**

Case No: 21071507KB0715E

FURTHER REQUIREMENTS:

The Committee appreciates that the applicant has addressed certain concerns regarding the street interface of the old house. However, it notes that there are still issues that require addressing with regard to the detailing of interventions and impacts on built fabric in relation to the historical significance of the building as a whole and the impacts on that significance.

The Committee therefore again strongly recommends that the assistance of a suitably qualified and experienced architectural heritage practitioner be engaged to resolve the proposed interventions.

KB

**13.3 Proposed Additions and Alterations on Erf 1726, 1 Rowan Street, Stellenbosch: NM
HM/STELLENBOSCH/ERF 1726**

Case No: 21071508KB0716E

RECORD OF DECISION:

The Committee resolved to approve the application as indicated on drawing numbered Revision A, dated 14 June 2021 prepared by VKDB Architecture & Interior Design as not impacting heritage significance on condition that the historical windows and dining room floor are retained.

Amended drawings to be submitted to HWC for final approval.

KB

**13.4 Proposed Additions and Alterations on Erf 3585, 18 Queen Victoria Street, Corner Dorp &
Keerom Street, Cape Town: NM
HM/CAPE TOWN/ERF 3585**

Case No: 21070510KB0720E

RECORD OF DECISION:

The Committee concurs with the legal advisor that this submission triggers NHRA S.38 for the reasons submitted.

The Committee therefore recommends that a NHRA S.38 Notice of Intent to Develop (NID) application be submitted if this proposal is to be pursued.

KB

**13.5 Proposed Addition and Alteration on Erf 1895, 31 Bellevue Road, Oranjezicht: NM
HM/ORANJEZICHT/ERF 1895**

Case No: 21081111MS0816E

RECORD OF DECISION:

The Committee resolved not to approve the application as the proposed alterations to the street interface are not consistent with similar off-street parking conditions on the street.

The Committee has no objection to the internal alterations but recommends drywall partitioning.

KB

13.6 Proposed Alterations and Additions, Erf 12563, 26 Coronation Road, Walmer Estate: NM HM/WALMER ESTATE/ERF 12563

Case No: 21081111MS0816E

FURTHER REQUIREMENTS:

The Committee notes that the site falls within an area that is changing with the introduction of contemporary architecture. However, this is a corner site located in a heritage area. Therefore, while the Committee does not have objections in principle to the subject building being altered, the manner in which this is done must respond positively to the character of its neighbours.

Revised proposals are thus required informed by further information including key indicators explaining the context of the subject site as it is otherwise not possible for the Committee to properly assess the impact of the proposal on its neighbours.

MS

13.7 Proposed Additions and Alterations on Erf 56207, 46 Talana Road, Upper Claremont: NM HM/CLAREMONT/ERF 56207

Case No: 21082601KB0826E

RECORD OF DECISION:

The Committee resolved to approve the application as indicated on drawings numbered M11Claremont56207 LAD102 REV B dated 17 June 2020 as the proposals will not negatively impact heritage significance.

KB

13.8 Proposed Additions and Alterations on Erf 600, 72 and 74 Bosch Street, Paarl: NM HM/PAARL/ERF 600

Case No: 19102932KB0820E

HELD OVER:

The matter is held over to the next BELCom meeting on 29 September 2021.

KB

13.9 Proposed Additions and Alterations on Erf 118437, 41A Polo Road, Observatory: NM HM/OBSERVATORY/ERF 118437

Case No: 17082803ZK0803E

RECORD OF DECISION:

The Committee resolved to approve the application as indicated on drawings numbered SUB 01/ SUB 02 /SUB 04/ SUB 06/ SUB 08 & SUB 07/ SUB 05/ SUB 03 Rev C dated 07 May 2021 & 11 August 2021 as the proposals will not negatively impact heritage significance.

KB

**13.10 Proposed Additions and Alterations on Erf 8676, La Concorde Building, Paarl: NM
HM/PAARL/ERF 8676**

Case No: 21072207KB0723E

RECORD OF DECISION:

The Committee resolved to approve the application as indicated on drawings numbered SK 117 & SK 116 Rev 03 dated July 2021 as the proposals will not negatively impact heritage significance, but on condition that the cornice detail of existing parapets be acknowledged in the reconfiguration.

19 REQUESTS FOR OPINION/ADVICE

**19.1 Erf 377, Alphen, Constantia - PHS Site: NM
HM/CAPE METROPOLITAN/ CONSTANTIA/ERF 377**

Case No: N/A

ADVICE:

The Committee considers that the favoured alternative would be the application of a specialised breathable protective timber application, such as produced by internationally recognised brands like Keim.

Alternatives that involve shielding with glass panels or other applied elements should be regarded as a less satisfactory alternative, even with careful detailing.
