Case No: 17072517ZK1020E

COMMENT
The conclusions and recommendations of the PIA are endorsed:

1. That future mining will impact significant fossil formations and therefore a locality-specific Fossil Finds Procedures and regular monitoring requirements by a palaeontologist must be included in the EMP for implementation.
2. HWC to address a comment to DMR pointing out that the archaeological impacts and general cultural heritage impacts have not been assessed (in compliance with S.38(3)) and that the approval of HWC is required if there is any possibility of alterations to the built environment and/or destruction of archaeological material.
