4. Way Forward:

4.1. The following elements will be sourced through Provincial Health Data Centre (PHDC) and populated directly onto Sinjani for **all fixed facilities** capturing headcounts in PHCIS:

- PHC Headcount – In facility
- PHC Headcount – Outreach

Mobile and satellite facilities will continue to capture on Sinjani until they transition to PHCIS.

4.2. The following elements will be sourced through Provincial Health Data Centre (PHDC) and populated directly onto Sinjani for **all facilities**:

- PHC Headcount – CDU
- Cervical Cancer Screening

Facilities are urged to check their source document (Papsmear register) and source system(PHCIS) to confirm accuracy of this data.

4.3. The above changes have been updated on the data collection tools for 2020-21 and will also be updated on Sinjani for capturing from April 2020.

4.4. Definition guides, tools and further resources are available on the Provincial Information Sharepoint site for District Information Office to access and disseminate: <http://sharepoint.westerncape.gov.za/depts/doh/sahs/im/km/prg/p2/Shared%20Documents/Data%20Collection%20Forms/2020-21>

5. To ensure that the collection, aggregation and reporting of elements adhere to sound data quality practices please ensure that you are familiar and conversant with the data definitions, data flow policy, facility SOP, data sign off policy and CMI.

6. Please ensure that the contents of the circular are communicated to all relevant officials.

7. For further enquiries, please contact **Information Management**:
