The Breede River EMP has also been reviewed in compliance with the minimum requirements contemplated in section 6 of the 2021 NEMP.

After representations and objections from the public have been considered, the draft revised Breede River EMP will be finalised and submitted to the Provincial Minister responsible for environmental affairs for approval, in compliance with section 9.1(1)(a) of the 2021 NEMP.

The draft revised Breede River EMP may be viewed at <https://www.westerncape.gov.za/eadp/about-us/meet-chief-directorates/environmental-sustainability/biodiversity-and-coastal-management>.
