

NOTICE OF ROAD MAINTENANCE ON ROUTE 44 AND ROUTE 46

Half-width construction will take place between March 2019 and February 2020 on the R44 between Wellington and Gouda, and on the R46 between Malmesbury and Hermon.

Stop/ go closures will be in place on these routes, and motorists can expect to have to wait up to 20 minutes at each closure. There will be a maximum of four closures on the R44 at a time, and a maximum of three closures on the R46. This means that there could be delays of between 60 and 80 minutes on these routes.

Motorists are strongly advised to use the alternative routes shown on the map overleaf.

The Western Cape Government is working hard to maintain our roads. Please drive carefully during this period of construction. Let us work together to ensure that our roads are safe. **BETTER TOGETHER.**
