PROVISION OF STRATEGIC MARKETING AGENCY

Tender No: TKZN 04/2014

Tourism KwaZulu-Natal (TKZN) is a statutory body responsible for the development, promotion and marketing of tourism into and within the province. In order to achieve this mandate, TKZN needs to continuously increase the destination's profile and ensure brand awareness in all of the province's key source markets, through marketing, advertising and promotions.

Tourism KwaZulu-Natal is inviting proposals for the provision of strategic marketing agency services.

TKZN developed the new five year strategy. The Provincial Growth and Development Plan (PGDP) points to tourism as one of the key drivers of economic development for the country and the province as well as a priority sector for job creation. This principle stands out most significantly in the two core business areas of TKZN, namely marketing, and tourism development. For this strategic plan, this means:

In marketing KZN as a premier tourist destination domestically and internationally, TKZN will focus its energies on leveraging resources to grow tourist arrivals from markets with growth potential. The strategy will focus on:

The growing urban middle class in the hinterland of the country, who are "new tourists", and whose entry into this new lifestyle of taking tours to KZN needs to be facilitated; and

The growing tourist market from the external African markets generally and the southern African neighbouring countries specifically leveraging from the direct air access through SA Express and Air Mauritius, as well as from the major emerging markets i.e. Brazil, Russia, China, and India (BRIC). With South Africa forming part of the international BRICS economic block, major new opportunities for tourism are expected to grow.

The approach will further support the development of KZN's tourism product offering, championing the development of new products which allow for higher tourist volumes.

The creative agency's role will thus be to focus on domestic marketing and less on international marketing, as all international marketing work is championed by the national body, South African Tourism (SAT).

EVALUATION CRITERIA

Tourism KwaZulu-Natal (TKZN) needs to be satisfied in all respects that an applicant has the necessary resources, competencies, and experiences for this bid. All proposals received will be evaluated by the panel on a basis of functionality (100%).

All qualifying proposals will thereafter be evaluated on the 90/10-preference point system for requirements with a Rand value of above R1 000 000.00 (all applicable taxes included); for the purposes of comparison and in order to ensure a meaningful evaluation.
