SQUARE KILOMETRE ARRAY SOUTH AFRICA (SKA)
REQUEST FOR PROPOSAL (RFP)—SATELLITE COMMUNICATIONS SERVICES
NRF BID No. SKA N0001-0004/2014

The Square Kilometre Array (SKA) will be one of the world's most powerful cm-wavelength radio telescopes. Two of the three receiver technologies, including the dish and dense aperture arrays that cover a combined frequency range of 200MHz to 10GHz, will be built in Africa. The core of the SKA will be located in the Northern Cape Province.

South Africa's Astronomy Geographic Advantage Act (Act No. 21 of 2007) has been enacted, which empowers the Minister of Science and Technology to promulgate declarations and regulations that identify, and protect, astronomy advantage areas in the Northern Cape Province. The entire Northern Cape Province, excluding Sol Plaatje Municipality, has been declared an Astronomy Advantage Area.

Radio-based telecommunications that cause radio interference on radio astronomy facilities in declared astronomy advantage areas will be subject to restrictions or conditions. Due to restrictions on the radio telecommunication technologies, alternative means of access to telecommunication services, which pose least risk of detrimental interference to the SKA, will be deployed in the area to promote the availability of internet and voice telephony.

SKA SA request potential service providers to submit bids for the subsidized satellite telecommunications service to serve the communities affected by the implementation on the Astronomy Geographic Advantage Act. The SKA SA has elected to pay for the once-off initial hardware costs (CAPEX) to allow the farming communities to pay for the day-to-day operational costs (OPEX) at the market rate for standard telecoms services. Proposals should include detailed costing and assumptions.

Preferential Procurement System applicable 90:10.

A voluntary briefing will be held at the SKA SA Offices on the 30 May 2014 from 10:00 to 12:00.

The NRF has the right to withdraw and cancel the bid.

For detailed bid documents and further information contact:

Mr Ian Fielding, on (021) 506-7304 or at: ian@ska.ac.za

Mr Selaelo Matlhane on: (011) 442-2434 or at: smatlhane@ska.ac.za
