The Department has recognised that external service providers, such as Professional Consultants and Professional Resource Teams (PRT's) in the built environment professions are one of the approaches to build and strengthen capacity for DLG&amp;H, and to expedite and improve human settlement planning and housing delivery. The PRT's approach is intended to make a significant contribution to the implementation of Isidima principles through the services of a range of professional service providers. The Department also aims to increase its capacity to project manage and monitor the delivery of human settlement by establishing a Project Management Unit. The Department aims to establish a database of consultants and professional resource teams that will be utilised for the procurement of rights for and implementation of human settlement developments on an ongoing basis.</p>	Cape Town	LGH 13/2008/09  LGH 14/2008/09	2009-03-06	500	500
