

## IMPORTANT NOTICE

# CALL FOR PROPOSAL AND EXPRESSION OF INTEREST

Selection of a partnering entity to support the growth of the green economy sector (focusing on energy and water) in the Western Cape

---

The Western Cape Government Department of Economic Development and Tourism is looking to partner with a non-profit / non-governmental entity that can act as trusted, ecosystem co-ordinated, independent and responsive industry-facing body in the Green Economy sector. The core business problem being addressed through the project is the co-ordination of the ecosystem as well as sustained and independent support to industry to plan for and enable the required changes in the energy and water systems for them to build economic resilience and take advantage of new business opportunities. The work required is for both the supply side (green technology products, services and business opportunities) and the supply side (improving the resource resilience and reducing environmental externalities of businesses). Crossing these divides requires a neutral, independent and trusted broker.

Applications must be submitted on the prescribed form accompanied by the required supporting documentation, which can be found in the **CFP documents accessible via the following methods:**

Email: [DEDAT.GEES@westerncape.gov.za](mailto:DEDAT.GEES@westerncape.gov.za)

Website: <https://www.westerncape.gov.za/110green/>

Applications and queries can be directed to the above-mentioned contacts via email

**The revised closing date for application (email copies) is at 17h00 on Tuesday, 24 January 2023.**
