GreenCape's [Market Intelligence Reports](#) (MIRs), developed in partnership with the Western Cape Government's Department of Economic Development and Tourism, annually highlight current investment opportunities in key sectors of the green economy in the Province.

The 2021 MIRs include updated investment opportunities and highlights the relevant legislation context and potential market barriers and risks in: Energy Services, Utility Scale Renewable Energy, Electric Vehicles and Water. GreenCape also publishes a Sustainable Agriculture MIR in partnership with the Western Cape Department of Agriculture and a Waste MIR in partnership with the City of Cape Town.

Please join us online to explore the key investment opportunities in each sector.
