Introduction

Each year the Western Cape Department of Cultural Affairs and Sport (DCAS) honours sportspeople in identified sport codes for the roles that they played in ensuring the promotion, growth, development and transformation of sport in their communities. They often performed these roles under difficult circumstances and with minimal resources. Often there was little institutional support and they had to make huge personal sacrifices.

These sportsmen and sportswomen became synonymous with sport in their communities, their province and their country. They became our legends.

The first Annual Sport Legends Awards Ceremony was hosted by DCAS in 2005. This year marks the 14th time that sport legends in various sport codes are being honoured. The nominees for the awards were proposed by members of the public and sport communities and selection was based on the following guidelines:

- People who made a significant contribution to sport.
- People who are regarded as icons in their communities.
- People who gracefully gave sport their all.
- People who played a role in shaping sport before 1992.
- A lifetime of service to the code in general.
- Nominees should be 50 years old or older.
- Preferably, the nominee should be in retirement, except in outstanding cases where the qualifications of the candidate speak for themselves.

Today, 13 December 2018, the Western Cape Government acknowledges your contributions and bestows upon you, the 2018 nominees, the title of Sport Legend. Individually and collectively you have played a significant role in shaping sport in our province. You worked tirelessly to develop the administrative and technical expertise required to ensure that sport is administered professionally and within the traditions of true sportsmanship.

You understand that sport is a powerful platform on which to build character, community and social inclusion. You have inspired many a sportsperson and community with confidence and pride in their local sport heritage and have actively promoted the vision of a socially inclusive, creative and active Western Cape.

We salute you!
Foreword

The Western Cape Sport Legends Awards ceremony has become a traditional highlight on our departmental calendar. Today, we celebrate 14 years of officially recognising our sporting icons and the role they played in sport development and promotion.

Making this ceremony all the more momentous is the official acknowledgement of our sport legends’ efforts to use sport as a catalyst for positive development to heal and unite a once divided nation. The awards aim to honour our sportspeople in identified sport codes for ensuring the growth, development, and transformation of sport during difficult circumstances.

We officially recognise and wholeheartedly thank each Legend celebrated today for their selfless contribution in shaping the future of sport in the Western Cape and South Africa as a whole.
