

PERA 2017

EMERGING BUSINESS FINALIST

Almond Creamery

Adri Geyser

Almond Creamery produces a fresh and nutritious milk alternative.

It all began when owner, **Adri Geyser**, was unhappy with the milk alternatives available and found that nut-based milk alternatives could only be found in certain health food stores, were overpriced and contained almost no nuts.

With her nutrition background and passion for creating healthy and delicious food, she started on a journey to create better tasting and more nutritious milk alternatives.

Almond Creamery was born in 2015 and contains 5 times more nuts than the leading nut milk in South Africa, and is made with a combination of coconut, macadamia and almonds for improved flavour and nutrition. Their milk is naturally sweetened, preservative free and almost entirely locally sourced.

Starting out by making a few litres of milk in a home kitchen, Almond Creamery has grown to a team of 8 passionate employees and recently opened a factory in Muizenberg.

To contact Almond Creamery, email Adri Geyser at adri@thealmondcreamery.co.za or call 0836403806.
