SUMMARY OF PROACTIVE SUPPORT FOR COVID-19 FOR WESTERN CAPE GOVERNMENT HEALTH EMPLOYEES.

The Department of Health aims to promote health and safety of its employees and recognises that COVID-19 poses a huge threat to the health and wellbeing of our employees. The threat impacts on both the physical and mental health of employees. This requires strengthening and changing of our current protocols in place pertaining to health and wellbeing.

The Employee Health and Wellness Programme (EHWP) provides support services that can be accessed telephonically or face-to-face. The services are available to all employees and their household members, 24 hours a day, 7 days a week and 365 days a year. Our Employee Health and Wellness Programme is a completely confidential service administered by Metropolitan Health PTY.

The aim of the service is to support the optimal performance of all employees through the provision of professionally managed psychological, social and health advice and counselling.

COVID-19 RESPONSE

We are aware that most of our employees are experiencing a lot of fear, anxiety, paranoia and stress during this COVID-19 pandemic. We acknowledge the efforts of management and internal wellness support teams that have been supporting these employees. We as the Employee Health and Wellness Programme would like to alleviate this pressure and help in this mammoth task. By providing psychological/emotional support to all our categories of employees, especially our clinical frontline employees who deals directly with COVID-19 patients.
