

**INVITATION TO NOMINATE MEMBERS TO  
CLINIC COMMITTEES**

The term of office of many committees at clinics or clusters of clinics ("Committees") is expiring. New Committee members will need to be nominated in terms of the Western Cape Health Facility Boards and Committees Act, 2016("the Act").

The Provincial Minister of Health therefore invites community bodies to nominate persons to serve on the Committees of the clinics and clinic clusters listed below.

In accordance with section 6(1) of the Act, the Provincial Minister must appoint no less than four but no more than twelve members to a Committee, including:

- A) Persons representing a community or communities served by the health facility;
- B) one or more councillors of the municipal council for the municipal area in which the primary health care facility is situated, nominated by the municipal council or a health-related committee of the municipal council;
- C) the Manager of the primary health care facility concerned or in case of a cluster of clinics, the PHC Manager/Medical Manager.

Please note that the following clinics require a full complement of members. Nomination forms may be obtained from and delivered to your nearest health facility. They may also be obtained from the relevant contact persons:
