General Information

1. **Telephone Numbers:**
   Red Cross War Memorial Children’s Hospital (RCWMCH)  021 658 5111
   Groote Schuur Hospital (GSH)  021 404 9111
   Tygerberg Hospital (TBH)  021 938 4911

2. **Poison Information Service**
   24 hour telephone service:  021 689 5227

3. **Emergencies (24 hour service)**
   Children who are seriously ill or injured should be discussed with the appropriate registrar on duty:
   
   Medical  021 658 5075/5428
   Surgical  021 658 5400/5576 or bleep
   Trauma  021 658 5000

   When acutely ill or injured children are referred after consultation, please send them with a letter marked ‘URGENT’ to the registrar in the appropriate Outpatient Department or Trauma Unit.

4. **General Paediatric Opinion**
   (Monday – Friday)
   Tel: 021 658 5263 (mornings only) - Consultant
   Tel: 021 658 5075 (all hours) - Medical Registrar

   • Telephonic consultations are welcome and may save the patient time and money. Please call the duty Medical Officer on 021 658 5084/5252 from 8:00 - 17:00.

   • For general paediatric consultations phone the above numbers. For sub-specialist consultations use the number under the appropriate sub-specialist clinic.

   • Referrals to General Medical Outpatient Department (OPD):
     Due to high patient numbers and long waiting times, there is an appointment procedure for non-urgent referrals.

     The OPD has a referral service for children between 08h00 and 15h00, Mondays to Fridays. It is essential to make an appointment for all patients. Appointments can be made by phoning 021 658 5002.
To maximise efficiency and patient satisfaction, referring colleagues are reminded to adhere to drainage areas demarcations and to use the correct referral channels.

The Red Cross War Memorial Children’s Hospital (RCWMCH) drainage areas at present are:

- Klipfontein sub-district (outlined by N2, M5 and New Eisleben and Lansdowne roads)
- Mitchells Plain sub-district (Mitchells Plain and Philippi, outlined by N7, Lansdowne Road, Eisleben Road, N2, R300)
- Rosebank, Mowbray, Rondebosch and Salt River.

- Clinics do exist in the drainage areas where expert paediatric opinion can be accessed closer to home for children not needing tertiary or emergency care. (See attached table at the back of the booklet).

- For your information the Flying Squad Memo detailing the call out pathway for urgent transfers for children have also been added. (See back of booklet for details).

5. Other Drainage Areas

Children with general medical problems from other areas should be referred to the paediatric service within the other Metropolitan Regional Hospitals:

**Telephone numbers and drainage areas:**

**Karl Bremer Hospital:** 021 918 1911
Drainage areas: Kraaifontein, Belville, Bloekombos, Wallacedene, Belhar, Durbanville, Delft, Kuilsriver, Blackheath, Eersterivier and Khayelitsha (Level 2 patients).

Paediatric wards  
021 360 4353  
021 918 1911

Drainage areas: All of Khayelitsha (level 1).

For all referrals: please provide the patient with a letter with details, including previous X-rays, results of investigations and current medication and treatment.

6. **Surgical:** See under ‘General Surgery’.

7. Except in the case of certain Highly Specialised conditions, children over the age of 13 years are not seen at RCWMCH. There are certain special clinics for adolescents at Groote Schuur Hospital (see page 3).

8. Sub-specialist clinics operate by appointment only (unless otherwise stated). The telephone exchange at RCWMCH allows direct dialling to hospital extensions, which should facilitate the making of appointments.

If problems are encountered please do not hesitate to contact: 021 658 5120/5169/5111.

Telephonic consultations: 021 658 5386
Appointments: 021 658 5386
Monday - Thursday: 9:00 - 13:00

Criteria:
Preferably after telephonic consultation between the referring doctor and one of the clinic doctors.

Type of patients catered for: This clinic primarily exists to provide a tertiary referral service for specialised paediatric ENT disorders and to cater for the ENT needs of those ‘special’ children who require the services only available within a specialist children’s hospital for their medical care.

This clinic has always tried to provide a limited ENT service for such children and will continue to do so for selected children - see Criteria above.

Apart from these categories of patient, unrestricted bookings from any source of referral will be accepted for children:
- with chronic ear disorders
- with deafness
- with congenital ear malformations
- with facial nerve palsy
- with other head and neck malformations
- with suspected head and neck tumour

Emergency cases will be seen without a booking but notification of such referral would be appreciated.

RESPIRATORY CONSULTATIONS AND CLINIC

Telephonic consultations: 021658 5265 (office hours)

We welcome enquiries and consultations from doctors or Primary Health Care Nurses.

The call will be transferred to a specialist paediatrician for an immediate telephonic consultation. Whenever possible we will try to manage the problem telephonically in conjunction with the referring person. This is in order to minimise inconvenience to parents and to promote continuity of care in the community. In unusual circumstances when a problem cannot be handled in this way, we are able to arrange to see the child in our out-patient clinic.
