

ECD FUNCTION SHIFT

Members of the ECD Sector

During the State of the Nation Address in 2019, President Cyril Ramaphosa announced that the Early Childhood Development function would shift from the Department of Social Development to the Department of Basic Education. The registration and other functions regarding after school centres will remain the responsibility of DSD.

The process to facilitate the transition in the Western Cape is at an advanced stage, and the function shift is on track to take place on 1 April 2022. The aim is to conduct the shift in a manner that is as seamless as possible with minimal disruption to the ECD sector.

We will continue to provide updates as the process progresses. For more information [click here](http://www.westerncape.gov.za/ecd), or visit www.westerncape.gov.za/ecd.
