## FREQUENTLY ASKED QUESTIONS Answered to help you to benefit from the ECD Employment Stimulus Relief Fund (ECD-ESRF) supported by the Presidential Employment Stimulus

### ABOUT THE ECD EMPLOYMENT STIMULUS RELIEF FUND (ECD-ESRF)?

#### 1. **What is the *ECD Employment Stimulus Relief Fund (ECD-ESRF)*?**

The *ECD Employment Stimulus Relief Fund (ECD-ESRF)* is part of the **Presidential Employment Stimulus** (South Africa's Economic Reconstruction and Recovery Plan) and forms part of the Restoring the provision of Early Childhood Development Services component as announced by the President during the last part of 2020.

The *ECD Employment Stimulus Relief Fund (ECD-ESRF)* is an emergency relief intervention to support the ECD sector to recover from the effects of the COVID-19 pandemic. It is aimed at supplementing the income generated by the ECD programmes through additional financial support towards the ECD workforce as part of a once-off temporary intervention. This support through the *ECD Employment Stimulus Relief Fund (ECD-ESRF)* aims to minimise the loss of income, support continued operation and reduce the risk of permanent closure.

You can find more information about the **Presidential Employment Stimulus** here: [https://www.gov.za/sites/default/files/gcis\\_document/202010/presidential-employment-stimulus.pdf](https://www.gov.za/sites/default/files/gcis_document/202010/presidential-employment-stimulus.pdf)

#### 2. **How did the *ECD Employment Stimulus Relief Fund (ECD-ESRF)* come about?**

The Minister of Social Development announced on 30 July 2020 that the Department of Social Development will be part of the *Presidential Employment Stimulus* with a focus on the ECD workforce.

This announcement was followed by a number of important steps that were required to access the funding that will support ECD related workers. *Firstly*, the national Department of Social Development had to initiate a very *technical process* to develop a proposal to be submitted to National Treasury. The Department of Social Development worked on the proposal to ensure that accessing the funding from the *Presidential Employment Stimulus* programme is meaningful and in support of the ECD workforce in particular. After all the technical aspects were agreed upon the National Department of Social Development requested inputs from the provincial Departments of Social Development as well as from the National Inter-sectoral ECD Forum, which comprises a variety of

organisations in the ECD sector, in order to further strengthen the proposal on the stimulus package. The proposal was then finalized and presented to National Treasury.

The National Treasury approved the proposal as part of the budget estimates process and informed the National Department of Social Development at the end of October 2020 that it was approved. The National Department had to develop an implementation plan that included ways to allocate and disburse the allocated funding and again engaged with the provincial Departments of Social Development as well as from the *National Inter-Sectoral Forum for Early Childhood Development* from November 2020 in the development of this plan. During this period, it was important for the Department of Social Development to consider amongst others the following:

- (a) The legal requirements that need to be adhered by government to pay out the funding.
- (b) The legal requirements for which special permission is needed (deviations) to be obtained to be waived for the purpose of the *ECD Employment Stimulus Relief Fund (ECD-ESRF)*, for example to include ECD programmes that are not registered in terms of the Children's Act 38 of 2005.
- (c) The criteria that should apply to ensure that all qualifying ECD programmes have an equal opportunity to benefit from the *ECD Employment Stimulus Relief Fund (ECD-ESRF)*.
- (d) Ways in which the funding can be disbursed in the most efficient manner, while following the required procedures of government.
- (e) Develop policies and systems to enable the implementation of the ECD-ESRF.

**3. Why did it take so long before ECD programmes were informed to apply for the ECD Employment Stimulus Relief Fund (ECD-ESRF)?**

The Department of Social Development had to follow certain processes and procedures. When the announcement was made, there were certain steps that needed to be followed as to ensure it reaches the target audience, while also ensuring the required procedures are in place in terms of compliance to legislative prescripts that regulates how government can operate.

The National Department of Social Development also had to apply for about 31 deviations from standard procedures as a temporary emergency measure to facilitate a quicker manner to pay out the funding related to the *ECD Employment Stimulus Relief Fund (ECD-ESRF)* only.

Also see the answer to [question 2](#) for more details.

**4. Were NGOs working in the ECD sector consulted on the ECD Employment Stimulus Relief Fund (ECD-ESRF)?**

The National Department of Social Development engaged the official structure for national civil society partners established in terms of the National Integrated Early Childhood Development Policy (2015), the *National Inter-Sectoral Forum for Early Childhood Development* (ISF) for inputs into the proposal before it was submitted to the National Treasury. Following the approval of the proposal, the Department of Social Development continued to engage members of the National Inter-Sectoral Forum for Early Childhood Development for inputs on the planning and proposed implementation processes. Further, the ISF participated in project management structures established to manage the process.

**5. Who is responsible to implement the *ECD Employment Stimulus Relief Fund (ECD-ESRF)*?**

The National and provincial Departments of Social Development are responsible to oversee the implementation of the *ECD Employment Stimulus Relief Fund (ECD-ESRF)*. They will engage partners to assist where necessary. They are responsible for the management of the central application office. The payments to the ECD services are managed by the Provincial Departments of Social Development.

The financial support that will be provided through the *ECD Employment Stimulus Relief Fund (ECD-ESRF)* will amount to a maximum value of R4,470.00 per staff member employed at an ECD programme.

In order to facilitate an equitable distribution of the limited funding available the amount to be paid per application will be based on the following criteria:

- A maximum of four (4) staff members per ECD centre will be supported.
- A maximum one (1) staff member per non-centre based ECD programme (playgroups, toy libraries, childminders and mobile ECD programmes) will be supported.
