

Public Benefit Organisation (PBO)

Once your NPO is registered, you may consider becoming a Public Benefit Organisation (PBO). A PBO is any organisation which is a non-profit company (NPC) defined in section 1 of the Companies Act or a trust or an association of person that has been incorporated, formed or established in the Republic of South Africa. **A PBO qualifies for Tax Exemption on Income.** A PBO with 18A status is able to issue funders with an 18A receipt for tax relief. **But please note, this is an additional registration to the initial registration of any given organisation.**
