The Western Cape Archives holds the memory of our province with more than 45kms of records. This flyer will help you identify some of the main sources of historical information available to researchers in the Western Cape Archives, specifically on Worcester.

On 30 September 1895, Sir Hercules Robinson proclaimed the Municipality of Worcester, a municipality under the provisions of the "Municipal Act, 1882". Certain archives have not survived to be transferred from the municipality. This accounts for gaps occurring within the various series. Records include:

- Reports by various municipal and government officials, viz the Town Treasurer, Superintendent of Water Works, Location Inspector, Street Inspector, Sanitary Inspector, Medical Officer of Health, Commonage Overseer and Electrical Engineer.
- Correspondence
- Financial papers
- Newspapers Cuttings, 1867 – 1916 (incomplete)

2. Magistrate of Worcester (1804-1984) (1/WOC, Inventory 2/7)

In 1819 a sub-district of the landdrost of Tulbagh was established at Worcester. This means that the Tulbagh and Worcester records are interrelated for this period. Records include:

- Criminal Case books and records of proceedings
- Civil cases, including of the Bantu Affairs Commissioner: 1955-1967
