Dear Sir

APPLICATION IN TERMS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT NO. 107 OF 1998) ("NEMA") AND THE ENVIRONMENTAL IMPACT ASSESSMENT ("EIA") REGULATIONS, 2014 FOR THE AMENDMENT OF THE ENVIRONMENTAL AUTHORISATION ISSUED ON 19 MARCH 2013:

PROPOSED ESTABLISHMENT OF A RESIDENTIAL DEVELOPMENT AND ASSOCIATED INFRASTRUCTURE ON ERVEN 231 AND 478, LAAIPLEK

With reference to your application for the abovementioned, find below the amendment to the Environmental Authorisation (hereinafter referred to as an "Environmental Authorisation") with respect to this application.

ADDENDUM TO ENVIRONMENTAL AUTHORISATION

A. DECISION

By virtue of the powers conferred on it by the NEMA and the EIA Regulations, 2014, the competent authority herewith grants the amendment of the Environmental Authorisation issued on 19 March 2013 (EIA Reference Number: E12/2/4/1-F1/14-3021/12).

Condition 1 in Section E of the Environmental Authorisation issued on 19 March 2013 reads as follows:

"This environmental authorisation is valid for a period of **five years** from the date of issue. The holder must commence with the listed activities within the said period or this environmental authorisation lapses and a new application for environmental authorisation must be submitted to the competent authority, unless the holder has lodged a valid application for the amendment of the validity period of this environmental authorisation, before the expiry of this environmental authorisation. In such instances, the validity period will be automatically extended ("the period of administrative extension") from the day before this environmental authorisation would otherwise have lapsed, until the amendment application for the

extension of the validity period is decided. The listed activities, including site preparation, may not commence during the period of administrative extension”.

This is herewith replaced with the following:

The Environmental Authorisation issued on 19 March 2013 shall lapse if the activities do not commence within a period of five (5) years from the date of issue of this amended Environmental Authorisation.

B. REASONS FOR THE DECISION

In reaching its decision, the competent authority took, *inter alia*, the following into consideration:

- (a) Government Notice (“GN”) No. R. 544 of 18 June 2010 has been replaced with GN No. R. 983 in terms of the EIA Regulations, 2014, as amended. The listed activities now include operational phase aspects for the authorised development in the Environmental Authorisation. Therefore, in terms of Regulation 26(d)(ii), the process specified by Regulation 30 was followed for the extension of the validity period.
- (b) The application is therefore for a non-substantive amendment to the Environmental Authorisation.
- (c) Little to no negative impacts is expected due to the amendment of the original development proposal.
- (d) The environment and the rights and interests of Interested and Affected Parties are not likely to be affected.
- (e) No new listed activities are triggered and the competent authority is satisfied that all potential impacts will be mitigated to acceptable levels. The conditions contained in the Environmental Authorisation issued on 19 March 2013 still remain unchanged and in force.

C. CONDITION
