A Introduction

1. Purpose of the module

The Annual National Assessment (ANA) is a module (Fig. 1) designed to manage the recording, analysis and reporting of ANA marks for the school.

- o This module is aligned with ANA requirements.
- o This module records the marks and automatically converts it into the correct performance rating level and percentage mark per learner.
- o This module uses the captured marks to produce summary reports for analysis of learner performance per grade and subject.

2.2 Capturing ANA Marks (Menu 8.5)

All the learner and class details that were pre-captured in Module 1 and 3 are used to populate ANA mark schedules.

ANA raw marks can be captured as follows: (Fig. 6)

- Click on **Final Marks: Capture** (Screen 8.5) to open capturing screen.
- Select the **Grade** and then the **Class** (selected class or all classes) from the drop-down lists.
- Marks can only be saved if all the marks are captured - capture the marks per class.
- Click on **GO**
- Enter the **raw marks per learner** in the yellow columns.
- Enter **-1** if a learner is absent.
- IF a subject was not written for the whole class select **HL / FAL to -2** to de-activate the whole column.

Marks can be changed after being saved.

Find the **average per class or group at the bottom of the columns**. Class average – for class selected and grade if all selected. -2 and -1 are not included in analysis of subjects.

- A blank mark schedule can be printed by selecting “**Print grid for mark entry.**”

After capturing click on **Save** and **Done** to exit the screen

2.5 Mark statistics (Menu 8.12)

A school is required to analyse the learner results and to include the analysis in the actions of the School Improvement Plan (SIP).

- This section includes a table (Fig. 10) that summarises and reports on the learner achievement per subject, per grade, per language and per gender on the following:
 - Distribution of levels of achievement.
 - Subject grade average (class average is available at the bottom of the mark schedule).
 - Number of learners absent.
 - Total number of learners in the grade.

Click on **Final Mark: Test Results Distribution (Screen 8.12)**.

- Select the **subject**, then enter “Go”
- Select one of the available options for a specific report:
 - Language (select language) or Mathematics
 - Per gender.
- Click on **Print** to print a hardcopy for signatures.
- Click on **Export to Excel** to use the data for further analysis.

When finished click on **Save** and **Done** to exit the screen.
