Tel: +27 21 834 4652
Schools IT Evaluation Unit, Room F2, Block C
WCED Building, New Nooiensfontein Rd, Kuils River, 7580

3. Enable the Wi-Fi network by selecting the option on the top right of the screen.

4. Select **WCGSCHOOLS** as your network of choice.

5. Please ensure that **EAP method selection** is set to **PEAP,** and **Phase-2 Authentication** is **MSCHAPv2** as indicated in the below screenshot. Also ensure that **CA certificate** is selected as **Trust on first use.**

6. Add the **Identity** and **password** fields.
    Note: Leave **Anonymous identity** blank.

Identity
5123456/AB123456

Anonymous identity

Password
Password

7. Scroll down and make sure **show advanced options** is ticked.
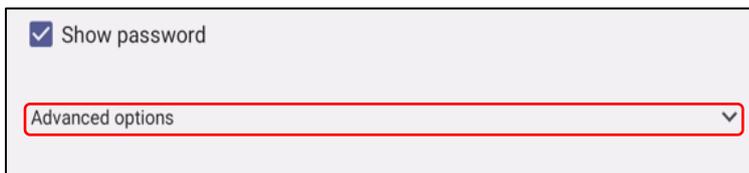

☑ Show password

Advanced options

8. Select the **proxy** type and add the **proxy hostname** and **proxy port**. Then Touch **Connect.** Please ensure that the details for the proxy option is replicated as indicated in the screenshot.
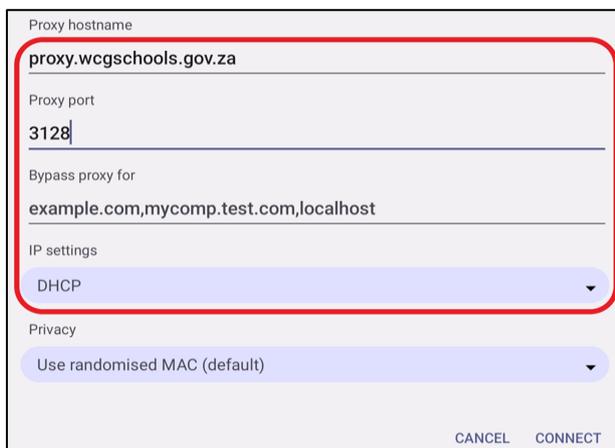

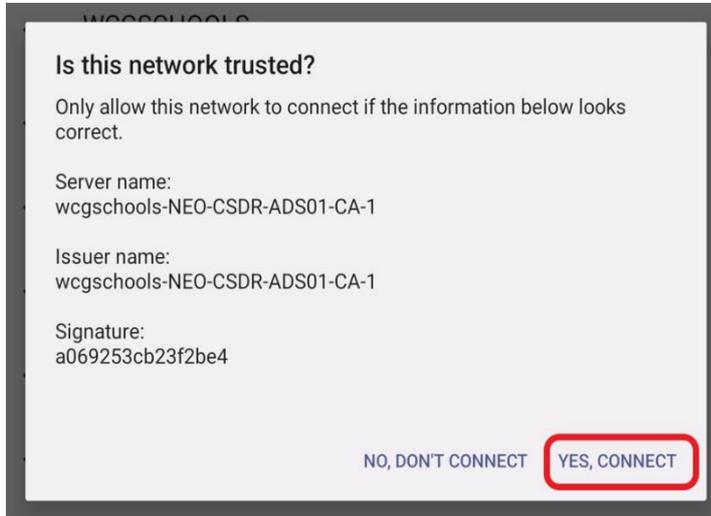

Proxy hostname
proxy.wcgschools.gov.za

Proxy port
3128

Bypass proxy for
example.com,mycomp.test.com,localhost

IP settings
DHCP

Privacy
Use randomised MAC (default)

CANCEL   CONNECT

Attention!
When typing out the proxy details be sure that there are no spaces within the address as this would cause the internet to not work correctly or the tablet may not even want to save the Wi-Fi details and connect to the network.
