## *Chasing grades*

Bella the flying Pegasus offered Felix and Felicity a ride. They arrived at school and Felix and Felicity saw their best friend Zayaan, they played together everyday.

Then Felicity suddenly remembered they have exams today and Felix never studied for it. They went to class and everything was fine or was it? Felicity finished the exam in a flash, but Felix was struggling. The teacher Mrs May, said: "you can't help each other". Felicity felt very bad. Felix got angry and yelled: "I hate exams" and before anything could happen the bell rang for break. Little did we know all the exam papers and stationary became alive and much bigger. The exam papers chased Felix and got closer and tried to grab him. Zayaan saw what had happened.

Zayaan got their jetpack and grabbed Felix and Felicity and ran to the school gate where there was a mysterious portal. Zayaan let Felix and Felicity down and they jumped into the mysterious portal.

Once they arrived through the mysterious portal they realized they went back in time. They went back to the previous day, so they knew what was going to happen the next day. Felix did not want it to happen again so he studied very hard. Felicity knew all the answers already. Felix and Felicity both passed the exam. After that day Felix studied for all his exams and never failed again.
