## *The letterslugs*

When Felix and Felicity opened their eyes, they found themselves in a tangle of letters and words. "I can't move!" cried Felicity. "Help! Ow!" shouted Felix. Suddenly the letters burst open. Out of the letter K's came koalas, out of the letter G's came girrafes, out of the F's fish and many more. One of the koalas was named Gabby. "Hello Felix, Hi Felicity. Sorry about that. We thought you were on of the slimy sluggers." said Gabby. "Oh, hi Gabby. Um ... what are the slimy sluggers?" asked Felicity. "Oh, they emerge from the letters "S". Gabby explained.

"Always be aware of Queen Sluggery Slime slug. She will splash with sticky, slimy goo. By the way, I think we should get a move on. I saw some sluggers here before you guys came." "What do they look like?"

But before Gabby could reply, they heard mumbling and squelching. "Oh no! The slimy slugger army!... Wait, if they are here Help! Queen Sluggery Slimeslug!" Felicity asked "What's going on?" "No time! You guys gotta run!" answered Gabby.

All the animals turned back into letters and formed the words "GO AWAY". Gabby grabbed Felix and Felicity by the arm and ran to the letter tower. The letters by the letter tower formed stairs and they ran up them. The slimy sluggers were hot on their heels, but they escaped in the nick of time as the stairs disappeared into thin air... or so it seemed.

The code for opening the portal was "Ooga Booga Animals!" Gabby shouted the magic words, and Felix and Felicity jumped in. "Thanks!" echoed Felicity's voice as they spiraled through the portal. "No problem! Happy to help!" replied Gabby.
