

A New Journey

Felix and Felicity returned home from school. They took off their school uniforms, ate, and went outside to play. Felix lay down behind a big tree. Felicity watched him for a while and then gave up. Felix was overcome by sleep and fell asleep.

He woke up and saw a treasure chest and a map. Excited, he shouted, "Felicity, come see! I found a treasure chest and a map!" Felicity ran over to see what Felix was talking about. She was amazed when she saw the chest and the map. "Wow! Where did you find this? Whose could it be?" she asked.

Suddenly, a portal opened. They entered it and found themselves underwater.

Underwater Adventure

They saw many sea creatures and swam around for a few minutes. They heard someone crying and looked around to see what was happening. They saw a small fish sitting on a rock. Felix, concerned, approached and asked, "Hello, what's your name? Why are you crying?" The fish wiped its tears and replied, "Hello, my name is Ziva. I lost something very important that belongs to my mother." Felicity said, "Don't worry, Ziva. We'll help you. Please tell us what you lost." Ziva replied, "Small golden earrings decorated with tiny white pearls."

They searched for a long time. Eventually, Felicity saw a crab holding earrings that matched Ziva's description. Helping Ziva Felicity asked the crab, "Excuse me, are those your earrings?" The crab replied, "No, they're not mine. I found them."

Felicity asked, "Please may I have them?" The crab said, "I'll give them to you if you help me clean the ocean." Felicity told Felix and Ziva, and they agreed.

They called other small sea creatures to help. When the sun set, they had finished cleaning and were ready to leave. They thanked Ziva and returned home. Felix woke up and realized it had all been a dream.
