

A child is sleeping peacefully in a bed, hugging a teddy bear. The room is dark, but a digital clock on a bedside table shows '1:00'. Above the child, wisps of smoke rise and form a menacing, glowing skull. The background is filled with more smoke, some appearing as bright orange flames on the right side.

**Smoke is a leading cause
of death in home fires.**

**Smoke alarms save lives. Protect your family and home from fire.
Hear the beep, where you sleep.**

Install a smoke alarm and let's make life
BETTER TOGETHER.
Contact your local fire department for
more information.
