Subject: Objection to the development of OMP

You don't often get email from mjmumbojumbo@gmail.com. [Learn why this is important](#)

Good day

I object to the development of Oude Molen and I support the submission made by OMVTA and Observatory Civic Association.

I moved to Oude Molen Eco Village 15 years ago with my 2 kids, ages 3 & 11/2. When we moved here we were living in a tent, with the support & help of the Oude Molen Eco Village community, we now have our own house, grounds & I am running a successful Doggy Daycare Business. My 2 children have been able to grow up in the most amazing natural safe environment, close to nature, living with horses, chickens running around in the gardens, being able to just be kids, not influenced by the monotonous, mundane life in the suburbs. I cannot think of a better place, I would have wanted my children to have grown up in. Oude Molen Eco Village, is the environment, I would like my grandchildren to grow up in.

Thank you
Suzanne Gail King
