

The Western Cape Provincial Sport Awards is an annual flagship celebration and is geared towards acknowledging and recognising the sporting achievements of sportsmen and women in the Western Cape who compete on provincial, national, continental and international level. It is a culmination of the winners of the 4 regional sport award ceremonies.

The Department of Cultural Affairs and Sport (DCAS) acknowledged athletes who excelled during the past financial year on 3 December 2010. While excellence in Sport is the golden thread running through these events in the Metropolitan and the regions, this was an opportunity for DCAS to celebrate the contribution made by those who over decades of commitment to sport, its transformation and development have contributed significantly to the building of communities and a non racial society.

The categories and finalists for 2010 were as follows:
