Introduction

The Provincial Treasury is pleased to publish the Annual Procurement Disclosure Report (PDR) for the period 01 April 2021 to 31 March 2022. This is the Western Cape Government's second Annual Procurement Disclosure Report since the declaration of the disaster as a pandemic. The purpose of this report is to provide a consolidated view of COVID-19 procurement expenditure for the 2021/22 financial year. This is in line with the requirements of section 217 of the South African Constitution and supports our continued commitment to good governance and transparency in public procurement in the Western Cape.

Total COVID-19 procurement expenditure for the 2021/2022 financial year amounts to R841.82 million of which R841.15 million was spent by provincial departments and R669,532.06 by public entities.

Monthly reporting on all COVID-19 procurement expenditure transactions is made available via the National Treasury COVID-19 dashboard with a summary report provided by the Provincial Treasury on a monthly basis see link: <https://www.westerncape.gov.za/provincial-treasury/procurement-disclosure-report>.

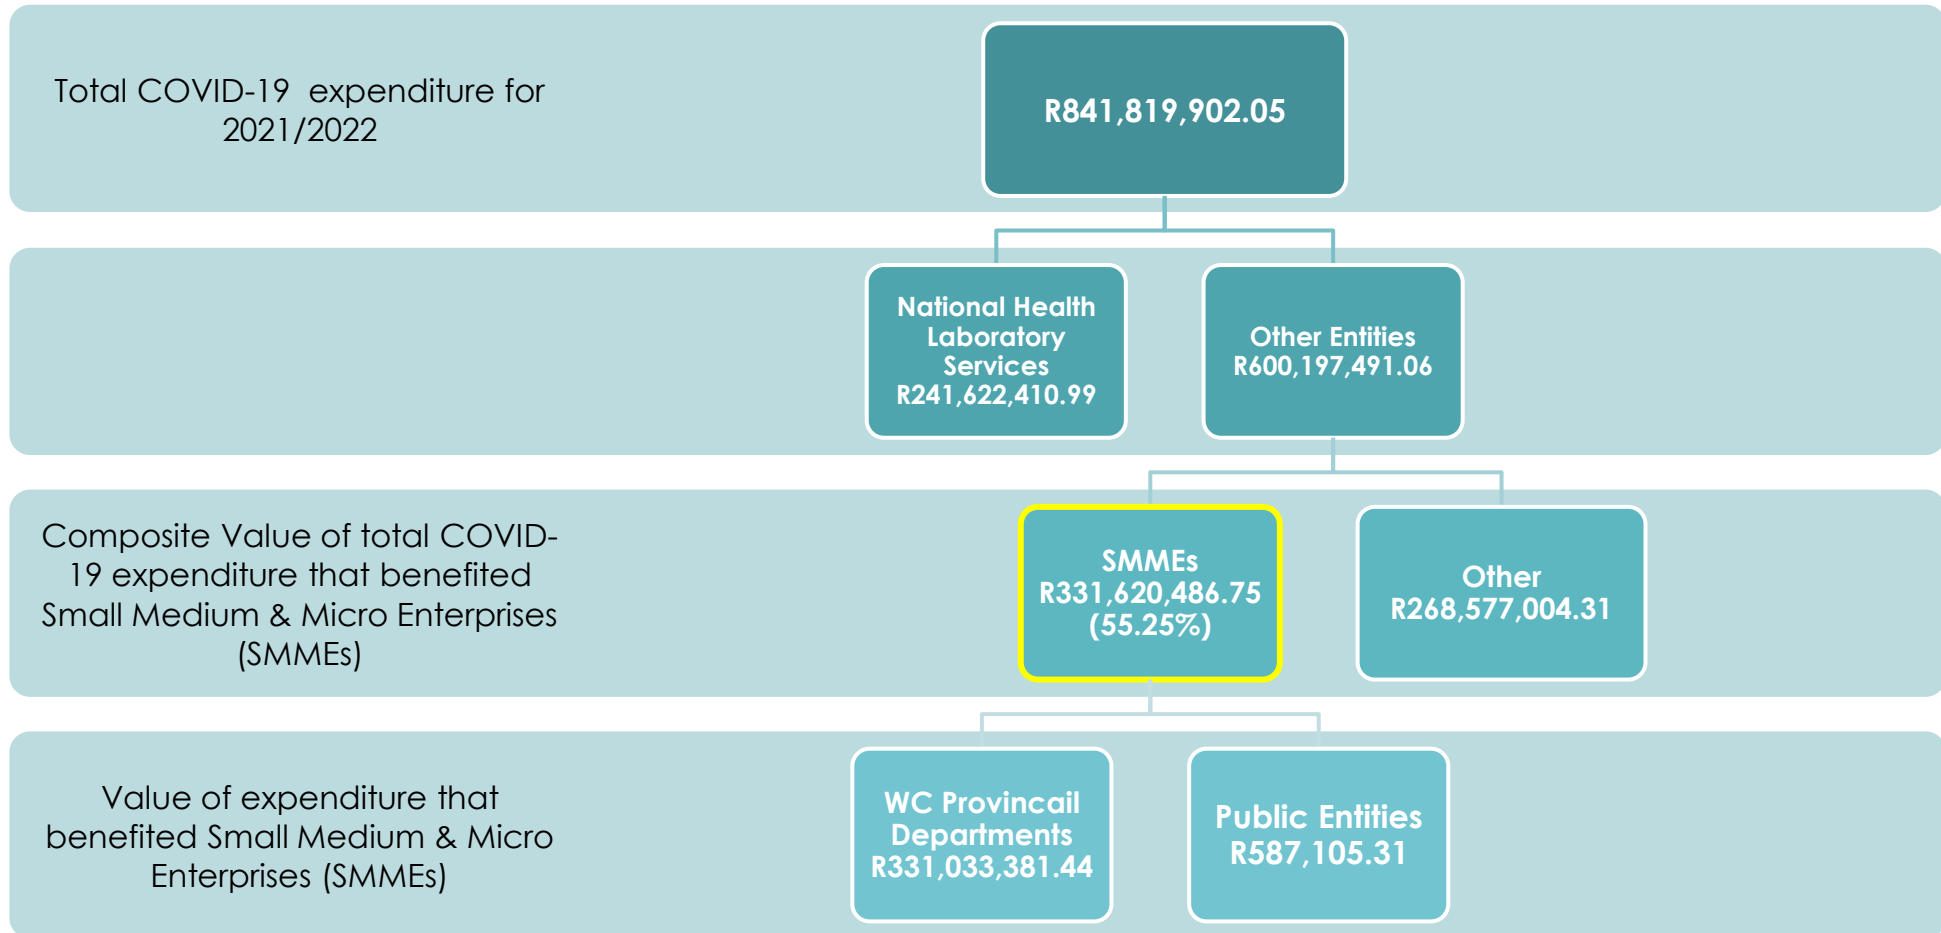

Please note that the information provided in this report is subject to important disclaimers that impact on the accuracy and reconciliation and subsequent changes to the data presented. These limitations are discussed at the end of the report, on page 62.

Background

At the beginning of the pandemic, the Western Cape Government took a decision to make public all COVID-19 procurement related expenditure in the interest of transparency and accountability. The monthly reporting has subsequently been expanded to include quarterly and annual reports to the public, oversight bodies and other interested parties with information on Western Cape Government public procurement activities related to the COVID-19 pandemic from 01 March 2020 to date.

This report continues to support our ambition to provide accurate, relevant, meaningful, and credible information, presented in a user-friendly and accessible document that reflects our procurement spending for the period mentioned above. It also provides further context and insight on Western Cape Government procurement activities, processes and challenges experienced.

Summary of COVID-19 Procurement Expenditure for 2021/2022

**Note* that the national target requires that 30% of procurement spending goes to SMMEs via sub-contracting mechanisms. The Western Cape Government has through direct procurement spent 55.25% of its total COVID-19 procurement on SMMEs, exceeding the national target through direct procurement by approximately 25.25%.

For the period, the Western Cape Government departments relied on their existing procurement policies and the requirements of the Public Finance Management Act, 1999 (Act No. 29 of 1999) ("the PFMA"), the National Treasury Regulations, 2005 ("the NTRs") and Provincial Treasury Instructions, 2019 ("the PTIs").

National Treasury Instruction Note 11 issued on 25 August 2020 indicated that the procurement of all goods, services and works will not automatically be regarded as emergency procurement. This Instruction Note took effect from 01 October 2020. The following procurement methods have always been, and will continue to be, followed by accounting officers and authorities in the Western Cape Government:

EME's: are (regardless of the composition of their ownership) deemed to have a Level 4 B-BBEE status and start-up enterprises (in the first year from formation or incorporation) are measured as EMEs. EMEs are entities with an annual total revenue of R10 million or less.

QSE's: are enterprises with an annual total revenue of between R10 million and R50 million. The B-BBEE status of QSEs is measured by reference to all five B-BBEE elements in terms of a specific scorecard for QSEs in the B-BBEE Codes

Of the total COVID-19 procurement expenditure for provincial departments for 2021/2022 (R841.15 million):

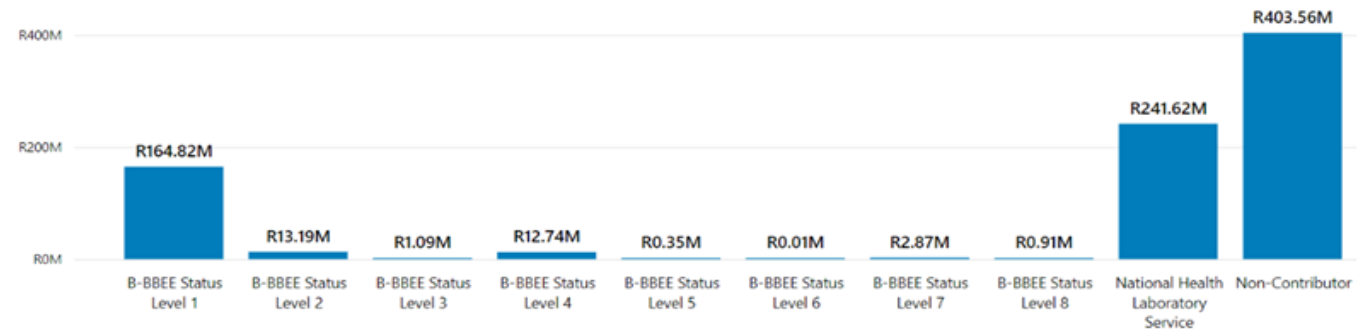

- R331.03 million (55.22%) was paid to SMMEs.
- R220.59 million (26.23%) was paid to Exempted Micro Enterprises (EMEs)
- R110.44 million (13.13 %) was paid to Qualifying Small Enterprises (QSEs)

*Note that R241.62 million (28.73%) of the expenditure is for COVID-19 testing paid to the National Health Laboratory Services (NHLS) which is a government entity.

*B-BBEE information was extracted from the WCSEB as at 29 March 2022 and does not necessarily reflect the B-BBEE level on award.

'B-BBEE contributor' means the B-BBEE status of an entity in terms of a code of good practice on black economic empowerment claimed via a B-BBEE status level certificate or affidavit in the procurement process.

'B-BBEE non-contributor' means bidders who have not submitted a B-BBEE status level certificate or affidavit in the procurement process to claim B-BBEE points.

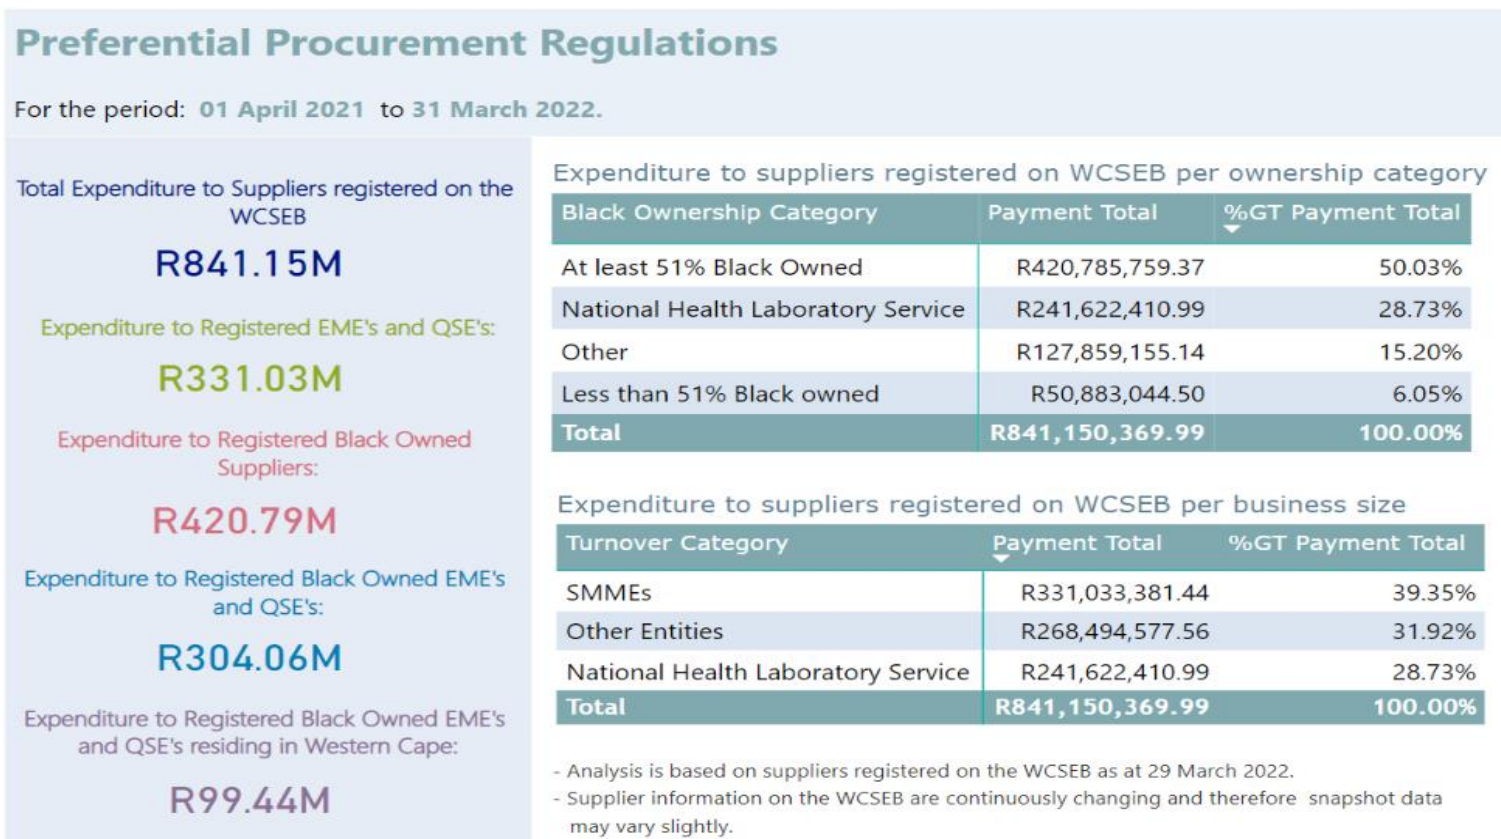

For the total COVID-19 spend for provincial departments in 2021/2022:

- B-BBEE expenditure amounts to R195.97 million (23.30%).
- B-BBEE Non-Contributor expenditure amounts to R403.56 million (47.98%).

*Note that 28.73% (R241.62 million) is made for COVID-19 testing to the National Health Laboratory Services (NHLS) which is a government entity.

Preferential Procurement Regulations

Graph 4

"Other" refers to expenditure to suppliers NOT registered on the Western Cape Supplier Evidence Bank (WCSEB), petty cash payments, transfer payments and claim backs

Note: that Black Ownership and B-BBEE contributor status is not one and the same thing. **Note also:** a company may be represented in more than one of the prescribed requirements

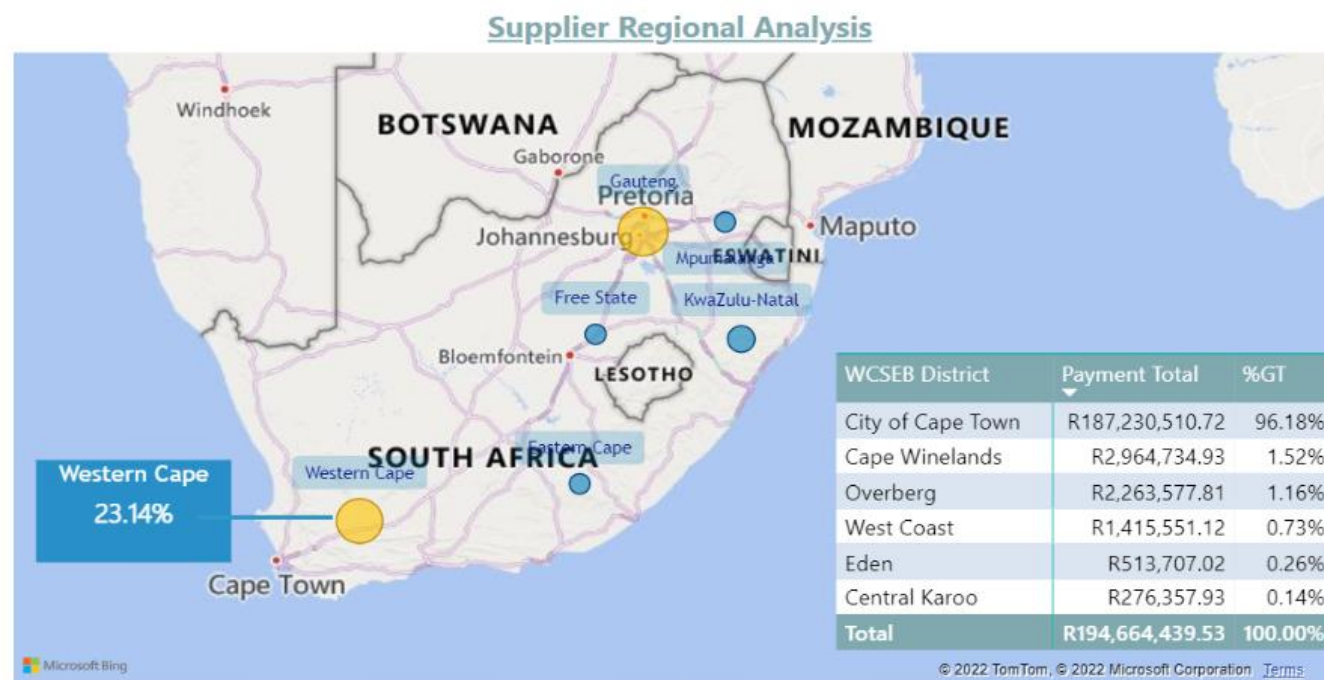

The following is a representation of the procurement expenditure of provincial departments relative to the National Treasury threshold for setting aside 30% of appropriate categories of state procurement for purchasing from designated groups:

- R420.78 million was paid to black-owned companies (50.03%);
- R331.03 million was paid to SMMEs (39.35 %);
- R304.06 million (36.15%) was paid to black-owned SMMEs; and
- R99.44 million (11.82%) was paid to black-owned SMMEs in the Western Cape.

* On 16 February 2022, the Supreme Court of Appeal declared the entire set of Preferential Procurement Policy Framework Regulations invalid on the basis that the content of the Regulations exceeded the Minister's power on what could permissibly be regulated in terms of Section 5 of the Preferential Procurement Policy Framework Act and Section 217 of the Constitution. This judgment was upheld on appeal at the Constitutional Court. The suspension of validity ends on 26 January 2023.

- Transactional information is secured as a data upload from various financial, non-financial, manual and electronic systems that must be manually reconciled, and dashboards are prepared for the PDR as represented in this report. While all efforts have been made to ensure the correctness of the data, in cases where these are identified after publication, corrections will be issued.

Way Forward

The Provincial Treasury hereby wishes to thank our provincial departments and provincial public entities for positively responding to the reporting requirements, despite various challenges as it relates to data extraction and consolidation from various systems and verification being largely a manual and labour-intensive exercise. Collectively we have delivered on this groundbreaking initiative in ensuring transparency on procurement expenditure for COVID-19.

This initiative has allowed us valuable insights into introspectively review our procurement and to take the necessary strides to improve on reporting and procurement processes.

The Provincial Treasury will, going forward publish quarterly Procurement Disclosure Reports. However, monthly reporting on all COVID-19 procurement expenditure transactions is made available via the National Treasury (NT) COVID-19 dashboard with a summary report provided by the Provincial Treasury on a monthly basis here: <https://www.westerncape.gov.za/provincial-treasury/procurement-disclosure-report>.
