Provincial Government
Supply Chain Management

Introduction

The Provincial Treasury is pleased to publish the twelfth monthly edition of the Procurement Disclosure Report for the period **01 May 2021 to 31 May 2021**. This is in line with the requirements of section 217 of the South African Constitution and demonstrates our continued commitment to good governance and transparency in public procurement in the Western Cape.

Total COVID-19 procurement expenditure for May 2021 amounted to R41, 01million of which R41,00 million was spent by provincial departments and R805.00 by public entities.

The Departments of Health; Transport and Public Works and Premier undertook the bulk of this expenditure, for May 2021 with the Departments of Health and Transport and Public Works focussed on non - PPE expenditure such as infrastructure, human resource services, accommodation and meals; and the Department of the Premier on COVID-19 related communication and advertising in respect of prevention awareness and behaviour change.

Detailed monthly reporting on all COVID-19 procurement expenditure transactions is made available via the online searchable COVID-19 dashboard of the National Treasury. This report summarises provincial information. The dashboard is also replicated on the Provincial Treasury website at the following link: <https://www.westerncape.gov.za/provincial-treasury/procurement-disclosure-report>

Provincial Treasury now also produces a quarterly and annual summary report on all COVID-19 procurement expenditure. These additional reports provide more detailed and analytical insight into COVID-19 expenditure over longer, consolidated periods, including outcome-related analysis such as expenditure on categories of suppliers. Monthly reports will continue to be produced in this summarised format, with additional more detailed information available on the weblink indicated above. All previous reports are available on the Provincial Treasury website.
