

DEPARTMENT OF INFRASTRUCTURE COMMUNITY MATTERS RADIO SHOW

The Department of Infrastructure (DOI) features Provincial Minister of Infrastructure Tertuis Simmers in the seventh episode of the Community Matters radio show this evening, 4 November 2025 on various Western Cape community radio stations between 18:35pm - 19:25pm. Zibonele FM will be airing the show from 18:15pm - 19:00pm. The show will also be livestreamed online.

#CommunityMatters Episode 7 | Building better, maintaining smarter. From schools and hospitals to roads and government buildings, our infrastructure shapes how we live, work, and grow. In this episode, Minister Simmers sits down to unpack how the Department of Infrastructure is maintaining over 2 000 state-owned facilities, creating thousands of jobs through the EPWP, and investing billions to keep our province moving forward. We also look at why maintenance is not just about fixing what’s broken, but about preserving value, preventing decay, and building a future-fit Western Cape that attracts investment and creates opportunity for all.

You are encouraged to listen to tonight’s radio show and engage via social media. Follow **@Min_TSimmers** on X using the hashtag **#COMMUNITYMATTERS**.
