To whom it may concern

Extra Curriculum, Holiday Program

By direction of Mr Albert Fritz , Provincial Minister for Social Development.

Our Provincial Ministry wish to attest our full support for the 'holiday Program', effectively being facilitated by Al-Noor Orphange .

We have identified that this Extra Curriculum Programs functions hand in hand with the national developmet plan of South African. It also trains young people to be self-resilient, motivated and courageous to society challenges. Many our young persons in our province are faced with communal deprivation and therefore the holiday program playsa critical important part in redressing social decadence.

We hereby pledge our continuous support for the program in the future for Stichting Projecten-Zuid Afrika. We wish the Al-Noor team all the best with your future endeavours.

Please keep in touch should you wish to communicate.

Yours Social Development
