## 3. Employment and Vacancies

The organogram indicates the macro structure of the Department Housing and the approved posts as at 31 March 2003.

The reduction in posts and employees, in comparison with Section A, is as a direct result of the departmentalisation process where the previous department was unbundled and the structures of the Chief Directorates Planning and Local Government were transferred. The structure now only reflects the previous Chief Directorate Housing, the support components as well as the Office of The Head of Department.

The following tables summarise the number of posts on the establishment, the number of employees, the vacancy rate and staff that are additional to the establishment. This information is presented in terms of three key variables:- programme, salary band and critical occupations. The Department has identified critical occupations that need to be monitored.

TABLE 3.1 - Employment and vacancies by programme as at 31 March 2003

| Programme | Number of posts |  | Number of posts filled |  | Vacancy Rate | Number of posts filled additional to the establishme nt |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Number of permane nt posts | * Number of approved contract posts | Number of posts filled with permanent employees | Number of posts filled with contract appointment S |  |  |

| 2 - Housing | 252 | 8 | 186 | 10 | 24.6 | 9 |
| 5 - <br> Restructuring |  |  |  |  |  | 194 |
| Total | 348 | 8 | 261 | 10 | 23.9 | 215 |
|  | 356 |  | 271 |  |  |  |

* Contract posts were created on the establishment for functions that are to be devolved to municipaities.

During the reporting period a total of 6 posts on Programme " 2 Housing" were abolished as funding for the creation of 7 permanent posts on the same programme.

The Department made use of contract appointees to assist the line managers in concluding work that was a once off project, which had a definite start and end date. As at 31 March 2003, 21 officials were appointed on contract basis, additional to the establishment. They are reflected in the first two programmes.

The 194 officials additional to the establishment on Programme 5 are a result of a restructuring process that took place in 2000. These officials have been declared in excess.

TABLE 3.2 - Employment and vacancies by salary bands as at 31 March 2003

| Salary Band | Number of posts |  | Number of posts filled |  | Vacancy Rate | Number of posts filled additional to the establishm ent |

|  | 356 |  | 271 |  |  |  |

Two personnel members in the ministry of housing have been appointed on contract in terms of prescipts pertaining to ministerial staff. They are reflected in the column "Number of posts filled with contract appointments".

Of the 215 posts filled additional to the establishment, 195 are officials who were declared in excess
TABLE 3.3 - Employment and vacancies by critical occupation as at 31 March 2003

| Planner | 2 | 0 | 100 |  |
| Total | 21 |  | 15 | 28.6 |

The difference in the number of planner posts between this Section and Section A is a direct result of departmentalisation. For an indication of changes in staffing patterns over the year under review, please refer to section 5 of this part of the report.

During the period 1 August 2002 to 31 March 2003 one post of Architect was abolished on the approved establishment of Chief Directorate Housing to fund the creation of 3 permanent Property Inspector posts on the same Chief Directorate.

## 4. Job Evaluation

The following table summarises the number of jobs that were evaluated during the reporting period under review. The table also provides statistics on the number of posts that were upgraded or downgraded.

The two posts that were upgraded are a result of officials being appointed in the cadet cader, which fell away with the implementation of CORE. As the posts, in term of the rank/leg system, were still on an entry level on the establishment it was necessary to determine the job weight of these posts. The post that was downgraded is the post of secretary in the office of the Head of Department. The post incumbent vacated the post on salary level six and prior to advertising, the post was evaluated to determine its level.

The following table provides a summary of the number of employees whose salary positions were upgraded due to their posts being upgraded.
