Welcome
**TEP**

**Tourism Enterprise Support**

The Tourism Enterprise Programme (TEP) is an initiative of the Business Trust and implemented on its behalf by Ebony Consulting International (Pty) Ltd (ECI) and a number of designated sub-contractors in some of the provinces. The main aim of TEP is to encourage and facilitate the growth and expansion of tourism enterprises in response to the increasing demand for tourism activity.

**The Main services offered by the TEP**

TEP assists large operators, investors, SMMEs, and HDE’s identify viable linkages or business opportunities. Resources are then tapped to make this opportunity a reality. This often includes assisting the SMME obtain the requisite professional services such as ISO/ SABS quality certification, debt and equity finance, proper business planning, packaging, legal advice, technology needs and marketing. TEP has a Training and Technical Assistance Fund (TTAF), which is utilised on a cost-sharing basis with the enterprise.

In addition to numerous other goals, the primary tangible targets of the TEP are to:

- Foster transactions with SMMEs to the commercial value of R450 million;
- Generate a minimum of 1000 transactions between SMMEs and larger companies / opportunities within the tourism economy;
- Of the 1 000 transactions, 75% or 750 will involve historically disadvantaged enterprises;
- Provide technical assistance and assist at least 2000 enterprises;
- Create between 10 000 and 50 000 job opportunities.

THE DEPARTMENT OF TRADE AND INDUSTRY (DTI)

The DTI has developed a range of institutions to cater to specific SMME needs. These are:

NTSIKA ENTERPRISE PROMOTION AGENCY

Ntsika's mission is to render non-financial support services to the SMME sector through a broad range of intermediaries. This is achieved through initiatives in the areas of management and entrepreneurship, developments, marketing, and business linkages, policy, research and business development services. Ntsika supports over 140 local business service centres.

THE FRANCHISE ADVICE AND INFORMATION NETWORK (FRAIN)

This programme was initiated by the Franchise Association of Southern Africa (FASA) with the support of the Department of Trade & Industry (DTI) and is now managed by the NAMAC Trust with assistance from the CSIR. Its mission is to supply high quality information and support services to individuals and SMMEs to ensure growth and improvement of new and existing franchising businesses. The emphasis is on Historically Disadvantaged Individuals, women and the youth, and the aim is to help them join the mainstream economy by levelling the playing field.

Contact details: Lofty Lugte Tel: (012) 349 0100 Fax: (012) 349 851 email: loftyl@namac.co.za

BUSINESS REFERRAL AND INFORMATION NETWORK (BRAIN)

BRAIN strives to improve the competitiveness and growth of small businesses (SMMEs) in South Africa through the supply of relevant, value-added business information. BRAIN is a Programme of NAMAC TRUST, the National Coordinating Office of the Manufacturing Advisory Centres or MACS. It is an initiative of the Department of Trade and Industry and is now managed by the Namac Trust. It assists entrepreneurs to start new businesses.

Contact details: Heleen Snyman Tel: (012) 349 0100 Fax: (012) 349 2851 Email: hsnyma@namac.co.za

NAMAC TRUST

NAMAC combines the National Coordination Office for Manufacturing Advisory Centres (MACs) and Business Referral and Information Network (BRAIN). In January 2002 the Franchise Advice and Information Network (FRAIN) was launched, becoming another key arm of NAMAC.

NAMAC’s task is to implement SMME support programmes on behalf of the DTI and supply high quality information and advisory support to SMMEs.

NAMAC does not directly interface with SMMEs. It channels its support via selected intermediaries, assisting these with training and support where necessary, to service SMMEs at local level. The core focus of NAMAC at all times is on job creation, job retention and product quality improvement and competitiveness.

THETA

Sector: Tourism training

Project: Tourism Learnership Project

Strategic Partner: Tourism, Hospitality and Sport Education and Training Authority (THETA)

Co-funder: The Department of Labour

Basic idea: Boost training and skills in the tourism and hospitality sector
Background:

The training programme is structured within the requirements of the Skills Development Act. It is based on:

- The development of accredited qualifications, the development of unit standards, the assembly of unit standards into qualifications and the registration of qualifications by the South African Qualifications authority;
- The certification of the competence of skilled workers and the provision of training for the unemployed.

The TLP has three core objectives:

- to accelerate the development of national qualifications (NQs) for all primary sub-sectors of the tourism sector. It is estimated that the project will cut the time to develop these qualifications by up to 10 years;
- the availability of NQs, which will trigger increased investment in training by employers in the sector because they have clearly articulated standards of competence against which to measure the impact of training. This will assist employers in accessing levy grants in terms of the Skills Development Act;
- develop systems and support the training of unemployed people through learnerships that provide them with the skills necessary to find jobs in a growing job market. It will generate 40 new NQs in different disciplines in the tourism industry and some 1 250 new unit standards. It will award 10 000 national qualifications in the next four years and implement 5000 learnerships for both employed and unemployed people.

Targets:

- Train more than 10 000 people already in the sector and a further 5 000 unemployed by 2003
- Design and register 35 new national tourism qualifications for trades.

UMSOBOMVU YOUTH FUND

Umsobomvu Youth Fund is a development funding institution established by the South African Government as a direct response to the high youth unemployment in the country. Its mandate is to create a platform for job creation, skills development and transfer for young people and thus promote economic citizenship for the youth of South Africa. The aim of the programme is to enhance the participation of young people in the mainstream economy by helping them access sustainable business opportunities through enterprise, finance and business development services.

BDS Voucher Programme

Umsobomvu intends launching one of the first voucher programmes in South Africa, the second on the African Continent after Kenya. A voucher is a document given to selected clients entitling them to buy business support services (technical assistance) from approved service providers.

Target group

The target group for the voucher programme is mainly out-of-school youth between the ages 18 and 35 who require business support services to start or improve their businesses. The could fall into any of the following categories: unemployed graduates, young women, rural youth, urban youth and youth in conflict with the law.

BDS Service Mix

The voucher programme will assist young entrepreneurs to access the following business development support services: company registration, market access services inclusive of marketing, product development and improvement, accounting and booking services, human resource development, contract drafting, market research and business plan development (inclusive of pro-investment analysis and feasibility studies), tax advisory services and mentorship.

Target Sectors

The voucher programme will be product-based and aims to improve youth owned enterprises in the following growth orientated sectors: tourism, information and communication and technology (ICT), manufacturing, construction and agro-processing.

Implementation

The BDS voucher system will be implemented through the following key players:

- Voucher Allocation Agents
- Service Providers

Pilot Areas

Initially the voucher programme will be piloted in five provinces: Eastern Cape, Gauteng, KwaZulu-Natal, Limpopo and Western Cape.

BLACK BUSINESS SUPPLIERS DEVELOPMENT PROGRAMME

Introduction and objectives

The objective of the Black Business Suppliers Development Programme is to promote the growth of black enterprises by fostering linkages between black SMMEs, corporates and the public sector. Linkages are to be promoted by enhancing the capacity of targeted SMMEs to compete for, win and successfully deliver on tenders from corporates and public sector entities.
The BBSDP will provide eligible black enterprises cost sharing grant to enable them to acquire training and mentoring to address the skills gap that they face.

Eligibility

In order to qualify for the BBSDP grant a business must comply with the following requirements:

- Majority of shares must be black owned
- Its management team must be predominately Black
- It must have a turnover not exceeding R12 million.
- It must have been operating and trading for more than one financial year
- It must exhibit good growth potential
- It must comply with statutory requirements
- It must be registered at SARS

Businesses operating in any sector of the economy can apply for a BBSDP grant.

Eligible Projects

Eligible projects should aim at enhancing the sustainability of a business through competitiveness, capacity building and productivity improvement.

Projects that qualify for BBSDP grants may be classified into one of the following four categories:

A. Projects aimed at upgrading the capability of the management team of the enterprise through generic management training programmes. Examples of such training programmes are:
   - Executive Management
   - Development Programmes
   - Finance for Non Financial Managers
   - Preparation of bids

B. Projects aimed at improving the effectiveness of the management systems of an enterprise. Examples of such projects are:
   - Production planning and Control Systems
   - Quality Improvement Systems, e.g. ISO 9001 and ISO 14000
   - Financial Management Systems
   - Human Resources Management System
   - Long term business planning
   - Productivity Improvement

C. Projects aimed at imparting specialized, enterprise specific skills to employees. Examples are welding courses, computer maintenance and repair.

D. Projects aimed at assisting entry of the business into targeted markets e.g.:
   - Development of Marketing plans
   - Design and limited printing of Marketing materials
   - Web Site design

FUNDING AND ELIGIBLE EXPENDITURE

Funding:

The BBSDP will offer a cost-sharing grant on a 80 – 20 basis, meaning that the BBSDP would offer grant assistance to cover 80% of the enterprise training cost and the enterprise would contribute 20% of the cost.

The maximum grant that can be offered by the BBSDP is R100 000 (Hundred Thousand Rand) for example:

If the BBSDP approves a project whose total cost is R125 000 the grant will be calculated as follows:

R125 000 X 80% = R100 000 BBSDP GRANT
An enterprise can apply for multiple projects provided that the accumulative grants awarded to the enterprise does not exceed R100 000.

Eligible Expenditure

The following expenditures are not eligible for BBSDP cost sharing grants:

- Rent, staff and hardware costs
- Capital and working capital investment
- Any activity that is already funded by another government scheme or parastatal or that receives any other financial support from an entity other than the business.

Applications For BBSDP Funding

Businesses wishing to access BBSDP funding have to submit the following:

A completed application form to the Secretary of the Governing Committee of the BBSDP. The application should, among others, detail the following:

- Description of the market for the products or services supplied by the Enterprise.
- A plan indicating how the Enterprise envisages to increase growth in turnover
- Detail of strategies by which growth will be attained; for example quick turn-around-times, just in time production, lowered production costs, improved marketing, reduced inventories etc.

Adjudication Of Application By The Governing Committee:

The Secretary of the Committee will submit an application with the recommendation for adjudication to the Governing Committee.

Because of the limited nature of public funding available, matching grant support will not be automatically extended to all enterprises that qualify in terms of the criteria outlined in section one. In deciding to which enterprise to extend matching grant funding, the Governing Committee will give additional consideration to the following aspects of the project plan submitted by an enterprise:

- Probability of a successful venture
- Implementation of the project
- Growth potential of the enterprise
- Job creation
- Women empowerment

Network Facilitator

The BBSDP maintains a database of accredited “Network Facilitators” for use in assisting enterprises to complete and submit BBSDP proposals. The BBSDP will reimburse the network facilitator up to a maximum of 10% of the value of an approved project for services supplied in assisting an enterprise in compiling an application. A maximum of R5000 is available for this purpose. In addition to the application fee, network facilitators can qualify to be paid for a maximum of five man-days for supervising the quality and delivery of the project. The maximum fee for this function is R10000.

A network facilitator providing services to an enterprise under the BBSDP scheme cannot qualify for a project supervision fee. Approval to act as a Network Facilitator is required before any service can be provided to the enterprise. Interested consultancies of service providers can apply to the Secretariat of the BBSDP. To be successful an applicant must satisfy the following criteria:

- Proven track record of successfully business development services to SMMEs. Applicants will be requested to submit a list of previous companies assisted.
- Proven project development and implementation skills

Payment Of Claims

If a project by an enterprise is approved the Secretary of the BBSDP will provide a letter to the enterprise and the
service provider informing them of the approval. The letter to the chosen service will also oblige the BBSDP to pay the chosen service provider 80% of the cost of the service to be delivered upon receipt of the following:

- A letter from the enterprise indicating successful completion of the project.
- Proof of the payment of 20% of the project cost by the enterprise.
- A brief report from service provider concerning the project delivery.

The Enterprise Organisation (Teo), headed by Mahlape Mohale a division of the trade and industry department will oversee the incentive programme.

NORTH WEST

North West Parks & Tourism Board

The North West Parks Board (NWP &TB) has a unit in the Marketing Division called the Product Development Unit. The Unit works mostly with communities in the North West (mainly rural) to contribute to their development. The word contribute is used deliberately since there are other organisations that assist with the development of communities and the Unit focuses mainly on tourism development. This is also to avoid any duplication of processes with other organisations.

**The Unit’s scope of operation**

The Unit covers the following engagements with communities:

- Investment promotions
- Community development
- Capacity building
- SMME development and
Liaison function with neighbouring communities

**Smme Development**

The range of SMMEs serviced is quite varied. It includes artists (crafters, painters, tour guides/operators, B&B’s, shebeeners, etc.)

These are identified and assessed in terms of skills or the lack thereof, and are assisted to go on relevant courses. In addition the shebeeners, tour guides/operators are marketed with the assistance of the NWP&TB for a certain period of time until they are fully operational. Indaba is one of the instruments used for this purpose.

A craft market has been built at Taunyane Gate where SMMEs are invited to sell their wares. A craft factory is in the process of being built with funding from DEAT in an industrial area. Craft is also marketed internationally.

**LIMPOPO**

The Limpopo provincial department of Economic Development and Tourism has established a section 21 company for smme support. It is a non-financial support information hub and SMME development Agency for the Department.

Its main mandate is to

- establish small businesses generally;
- provide information;
- facilitate training;
- co-ordinate SMME development initiatives;
- create a linkage with the financial institutions;
- create a climate for access to market
- training on how to tender.

The agency is not involved directly in training, but facilitates, refers (even to financial institutions for funding), linking the relevant institutions necessary to support SMME development.

The Limpopo Tourism Authority

The Limpopo Tourism Authority (LTA) assists SMMEs with the following:

- Marketing
- Promotional material
- Exhibitions
- Training on business start-up
- Partnering SMMEs with the provincial TEP

Plans are underway to establish a forum for SMMEs to encourage networking among the SMMEs to ensure that their products are packaged appropriately and to avoid segmentation in infrastructure. The aim is to develop wholesome packaging for marketing and the streamlining of services. Also in the pipeline is the establishment of a one-stop-shop to assist and mentor SMMEs.

The training of tour guides and operators is housed within the Local Government.
