## How to use the Western Cape Guide to Broad-Based Black Economic Empowerment Opportunities

The guide is divided into two sections:

### Section 1: Who Offers What to Whom

Start on page 2

This section lists the offerings of the departments of the Provincial Government of the Western Cape (PGWC), the City of Cape Town, industry bodies funded by government, government-funded agencies, and national public entities.

- The first column lists the organisation names
- The second column informs you which beneficiary group is covered
- The next four columns inform you of the type of programme which is offered such as procurement, bursaries, training and capacity building, and access to finance
- The last column directs you to the page where additional information on the programme is available

So, as an example, if you look at the very first line on the next page it will tell you that the PGWC's Department of Economic Development and Tourism offers Youth, procurement, bursaries, training, and capacity building programmes and access to finance and, if you want to find out more, go to the page shown in the last column.

### Section 2: Where to Find BBBEE help

Start on page 11

This section lists the programmes in the same order as in Section 1. It provides the following information:

- The first column lists the organisation names
- The second column provides a brief description of the product offering or service
- The next four columns lists the organisation's contact details and web address

Example: If you are looking for access to finance for a business from the Department of Economic Development and Tourism and you live in Atlantis, call 021572 0901
