1. Introduction

The Service Delivery Improvement Plan (2016-2019) for the Department of Community Safety (DOCS) is informed by the 2015-2020 Strategic Plan, and is aligned to the Annual Performance Plan for 2016/17.

2. Approach in developing the Department of Community Safety SDIP

The Department of Community Safety (DOCS) used the following approach in developing its Service Delivery Improvement Plan (SDIP):

Step 1:

A Head of Department (HOD) Circular on SDIP was developed by the Department of the Premier (DotP) and was circulated to the departments in December 2015. The Departmental top management met and identified two services for SDIP Cycle (2016-2019), namely:

- Facilitating, reviewing the implementation of, and updating the safety plan at the PNP meetings in policing clusters; and
- Formal partnerships established who contribute in the field of safety and security.

Step 2:

A cross-cutting team was constituted which had representatives from the relevant Business Units, namely:

Business Unit	Name	Designation	Gender	Race
Service One: Directorate Policy and Research	Amanda Dissel	Director	F	W
Service Two: Directorate Safety Promotion and Partnerships	Romeo de Lange	Director	M	C
Directorate Strategic Services and Communication	Ansaaf Mohammed	Director	F	C
	Lulama Stofile	Assistant Director	M	B
Directorate Process Design and Improvement (DotP)	Nelson Mtongana	Deputy Director	M	B
	Athi Sokutu	Chief Organisation Development Practitioner	F	B
	Robbie Hall	Chief Organisation Development Practitioner	M	W

The representatives are mainly from the Middle to Senior Management Services echelon ranging from Chief Organisation Development Practitioner to Director. This arrangement helped to maintain continuity in the project and consistent representation.

Step 3:

An SDIP presentation was made by the Directorate Process Design and Improvement at the SDIP Session attended by the SDIP Coordinator in January 2016. The SDIP Session was held to provide the SDIP Coordinator with guidance on the process forward and the arrangement of dates for follow-up consultations with Line Managers.

Step 4:

During early February 2016, an SDIP workshop was held with the representatives from the Business Units (Line Managers), where Directorate Process Design and Improvement facilitated the population of the SDIP Template with the required Service information. At the end of the SDIP workshop, Business Units were requested to go back to their respective directorates to review and consolidate the information in the SDIP Template.

Step 5:

Towards end February 2016, the consolidated SDIP Template was submitted by the Department to the Directorate Process Design and Improvement for quality assurance. The feedback consultation to consolidate inputs from the quality assurance was held with the individual Line Managers from the respective Business Units.

Step 6:

During the first week of March 2016, the Directorate Strategic Services and Communication facilitated the approval of the SDIP by the relevant signatures from the Department i.e. the Head of Department and the Executive Authority.

Step 7:

The Directorate Process Design and Improvement facilitated the submission of the SDIP to the Department of Public Service and Administration (DPSA) in March 2016.

Copies of the approved SDIPs (as signed by the relevant signatories) were provided to the relevant SDIP Line Managers, as well as Directorate Strategic Services and Communication.

Step 8:

The SDIPs forms part of the Department of Community Safety's Annual Performance Plan. The relevant services and standards for improvement forms part of the relevant areas Operational Plans.

Part A

3. Strategic overview

Vision

A safer open opportunity society for all... building resilient communities responsive to safety needs.

Mission

The Department of Community Safety (DOCS) aims to increase safety for all the people in the Province by promoting professional policing through effective oversight, by ensuring the safety at all public buildings and spaces, to facilitate safety partnerships and programmes and to build greater safety and security organisational resilience.

Value Statement

Apart from the values indicated above, the Western Cape Department of Community Safety also conforms to the values of the Western Cape Government:

Caring
To care for those we serve and work with

Integrity
To be honest and do the right thing

Accountability
We take responsibility

Responsiveness
To serve the needs of our citizens and employees

Competence
The ability and capacity to do the job we were employed to do

Innovation
To be open to new ideas and develop creative solutions to challenges in a resourceful way

4. Legislative and Other Mandates:

The Department of Community Safety (DOCS) regards as binding the legislative mandate on which its overall functioning is based, notably efficient, equitable and accessible service delivery, based on the national government's White Paper on Transforming Public Service Delivery, the Batho Pele Initiative. DOCS operate within the legislative and policy mandates described in the tables below.

4.1 Constitutional mandates

Provincial governments have been assigned a number of policing functions, powers and duties within Chapter 11 of the Constitution of the Republic of South Africa, 108 of 1996.

Legislation	Impact on Departments functionality
<p>Constitution of the Republic of South Africa, 108 of 1996</p>	<ul style="list-style-type: none"> • To determine the Policing Needs and Priorities for the province as per section 206(1) read with 206(2); • To monitor police conduct as per Section 206(3)(a); • To oversee the effectiveness and efficiency of the police service, including receiving reports on the police service as per section 206(3)(b); • To promote good relations between the police and the community as per section 206(3)(c); • To assess the effectiveness of visible policing as per section 206(3)(d); • To liaise with the Cabinet member responsible for policing with respect to crime and policing in the province as per section 206(3)(e); • To investigate, or appoint a commission of inquiry into, any complaint of police inefficiency or a breakdown in relations between the police and any community as per section 206(5)(a); • To consider and refer complaints to the Independent Police Investigative Directorate (IPID) and to monitor the investigation of such complaints as per section 206(6); • To require the provincial commissioner (SAPS) to appear before the provincial legislature or any of its committees to answer questions as per section 206(9); • To receive and consider the annual report on policing in that province from the provincial commissioner as per section 207(5); • To consider and institute appropriate proceeding against the provincial commissioner if the provincial executive has lost confidence in that provincial commissioner as per section 207(6); <p>These functions are assigned (delegated) to the MEC of Community Safety as per section 206(4).</p> <p>Also important to note that, as per Schedule 4 of the Constitution, policing is an area of concurrent legislative competence albeit only to the extent that the provisions of Chapter 11 confer upon the Provincial Legislator.</p>

<p>Section 206, Constitution of South Africa Act 108, of 1996</p>	<p>Subsection (1) states: "A member of the Cabinet must be responsible for policing and must determine national policy after consulting the provincial governments and taking into account the policing needs and priorities of the provinces as determined by the provincial executives".</p> <p>Subsection (3) provides that: "Each province is entitled:</p> <ol style="list-style-type: none"> a) to monitor police conduct; b) to oversee the effectiveness and efficiency of the police service, including receiving report on police; c) to promote good relations between the police and the community; d) to assess the effectiveness of visible policing; and e) to liaise with the Cabinet member responsible for policing with respect to crime and policing in the province. <p>Subsection (5): "In order to perform the functions set out in subsection (3) a province –</p> <ol style="list-style-type: none"> a) may investigate, or appoint a commission of inquiry into, any complaints of police inefficiency or breakdown in relations between the police and any community; and b) must make recommendations to the Cabinet member responsible for policing.
<p>Constitution of the Western Cape Act 1 of 1998, Section 66 Policing functions of Western Cape Government</p>	<p>66. (1) The WCG is entitled to -</p> <ul style="list-style-type: none"> • Monitor police conduct; • Assess the effectiveness of visible policing; • Oversee the effectiveness and efficiency of the police service, including receiving reports on the police service; • Promote good relations between the police and the community; and • Liaise with the national Cabinet member responsible for policing with respect to crime and policing in the Western Cape. <p>66. (2) In order to perform the functions set out in subsection (1), the Western Cape Government</p> <ul style="list-style-type: none"> • May investigate, or appoint a commission of inquiry into, any complaints of police inefficiency or a breakdown in relations between the police and any community; and • Must make recommendations to the national Cabinet member responsible for policing.

5 **Situational Analysis:**

5.1 **Performance environment:**

The WCG has adopted the PSP. The Department is aligned to the new transversal strategic goals of the WCG, specifically PSG 3: "Increasing Wellness, Safety and Tackle Social Ills" with the specific outcomes of healthy people living in Safe, Supportive and Caring Communities; Safe and Resilient Families; and Positive and Engaged Youth.

The Department is also faced with the challenge of restructuring its programmes structure based on the safety demands and needs within the Western Cape. These include the implementation of WC Community Safety Act; the implementation of Western Cape Safety and Security Risk Management Strategy (WCSSRMS) which was approved by Cabinet, the implementation of the transversal PSG 3; Cabinet approved VPUU/RSEP programme and the implementation of some of the Khayelitsha Commission of Inquiry recommendations.

To date sections 1, 2, 10 to 18, 24(1), 25 to 28, 30(1), 31 and 33 of the WC Community Safety Act, 2013 have been put into operation by means of a proclamation signed by the Premier as per section 33 of the Act. It is envisaged that the regulations required to put the remaining sections of the Act into operation will be published during this financial year and the Act will be fully implemented.

The Implementation Evaluation of the EPP conducted by the Department attests to the fact that many CPFs are not yet fully functional. Some are not fulfilling the basic activities set out for CPFs such as regular meetings and visits to the police station. An independent evaluation, designed to support CPFs, was conducted of the EPP. The overall finding of this evaluation was that "The payment for delivery model introduced by the EPP acts as a powerful incentive for CPFs to perform the required activities, which in turn makes them more efficient and effective.

According to CPFs, it has brought much needed structure and guidance for CPFs to perform their statutory functions, which is a testament to its relevance. The EPP funding incentive has encouraged CPFs to establish closer relationships with registered members and SAPS local stations, to gain a deeper understanding of the police operational framework, as well as to perform their police oversight role in a more effective way. While frictions with non-management staff still exist, they could be mitigated through more formal introduction and training of SAPS members on the EPP". Yet, many operational deficiencies were highlighted including poor communication channels, lack of regular feedback and contact from and with the Department.

The Department has institutionalised the Watching Briefs Programme as per the Cabinet decision 138/2014 of 06 August 2014, with a staff complement appointed to monitor the high profile cases such as murder and rape. The Department envisage rolling out the programme to at least 25 courts in the 2016/17 financial year, including the courts serving Khayelitsha, Gunya (Gugulethu/Nyanga) and Paarl East. The reports resulted in some of these cases placed back on the court rolls and disciplinary action taken against South African police officers for not performing their tasks. For the period 1 April 2015 to 31 September 2015 the Unit reported on 112 cases and SAPS instituted disciplinary action in 18 cases.

The regulations required under the Civilian Secretariat for Police Act 2 of 2011 have not yet been issued by the National Minister of Police. This is creating a policy gap in particular as it relates to the expectations of the Department to 'facilitate the effective functioning of the CPFs and Boards' as set out in section 5 (i) of the Act.

The findings and recommendations made by the Khayelitsha Commission of Inquiry will impact on the policy priorities of the Department. The Commission recommends that SAPS and the Department enter into a Memorandum of Agreement as a matter of urgency.

With the attempt to greater service delivery between provincial and local government via the Western Cape Delivery Plan (WCDP)/Joint Planning Initiatives (JPI) the Department crowds in its services via an integration methodology viz the CSIP. The CSIP, as afore mentioned represents the total of all the projects of the Department, aimed at increasing the safety within a community in a measurable manner. One of the aims of the WC Community Safety Act is to encourage and assist communities in making safety everyone's responsibility.

The Act seeks to regulate NHWs in terms of Section 6 by way of accreditation, training, provision of funding and equipment. The accreditation and capacitation of the NHW function is transferred from Programme 2 (Civilian Oversight) to Programme 4 (Security Risk Management) with effect from 1 April 2016. Programme 4, Security Risk Management (SRM) has been tasked to facilitate the accreditation of NHWs as required in terms of the Act. A business process map has been developed. This is still in draft format and requires resourcing.

SRM is expected to continue to deliver on its mandate. The expectations of which have been clearly communicated by the Auditor-General of South Africa (AGSA), Standing Committee and Internal Audit on SRM; to lead the safety and security function within the WCG. In order to comply with the performance audit findings and recommendations by the AGSA, it is expected that SRM conduct safety and security risk assessments for all WCG institutions and facilities (in excess of 2000) and assist these institutions and facilities with the drafting of security plans. Implementation Plans have to be developed and facilitated and is being progress monitored.

The pro-forma Service Level Agreement (SLA), as one of the measures to manage compliance with contractual obligations on the side of the security service providers, has been revisited. The role of the Department to drive the safety and security agenda transversally has been re-emphasised.

The Programme facilitated the Information Security Audits conducted by the State Security Agency (SSA). Most of the SSA information security appraisals of provincial departments have been concluded and final reports are awaited.

The strategic thrusts incorporated in the Security Risk Management Strategy will take longer to implement. The constraints on the Medium Term Expenditure Framework (MTEF) budget planning resulted in internal re-alignment of resources to ensure funding of existing personnel capacity and key contracts in the outer years.

The transversal nature of the SRM function necessitates us not compromising the Department's capacity and role to manage safety and security risks confronting WCG Departments and provide the strategic leadership expected.

Alcohol Harms Reduction (AHR) Game Changer

During the determination of the PNPs in the province alcohol abuse was cited as one of the factors which contribute to violence in the community. The WCG identified alcohol abuse as one of the Game Changers to bring about a safer society. The Department was assigned the responsibility by the Cabinet Bosberaard in August 2015 to lead the AHR Game Changer.

It is recognised that the Western Cape has a long history of alcohol abuse with diverse drinking habits amongst different people contributing to a lack in detailed information to inform interventions.

The Western Cape further recognised that without strong community participation and partnerships and sufficient up to date information, any invention is doomed to failure. The existing partnerships between the Department and the local municipalities, CPFs and the VPUU, (where they are active) will be used to co-fund interventions and mobilise communities to collect and update existing data on the local liquor use and trade to inform interventions.

The AHR Game Changer aims to reduce personal injuries through a number of interventions. These include: regulation and monitoring of liquor outlets through capacitated NHWs; offering incentives to communities/liquor outlets and creating barriers to expansion of the liquor trade.

The strategy will be piloted in three sites in the 2015/16 financial year in Gunya (Gugulethu/Nyanga), Khayelitsha and Drakenstein in Paarl East. Thereafter the project will be rolled out to ten areas in 2016/17 and in more areas in 2017/18. The Department in collaboration with the Department of the Premiers Delivery Unit participates in a Community Based Action Stock take meeting every six weeks.

The meeting discusses subjects such as trading near schools, trading hours of liquor outlets, advertising at unlicensed outlets, norms and standards of unlicensed outlets and disruption strategies of alcohol economy.

The Western Cape Liquor Authority (WCLA) previously resorted within the responsibility of the Provincial Minister of Economic Opportunities. The Provincial Cabinet ratified a submission to transfer the executive responsibility for the WCLA to the Provincial Minister of Community Safety as from 1 April 2016. The Department will be responsible to exercise oversight in terms of compliance to the Western Cape Liquor Act, Chapter 4, (28)(3) and (29)(3).

The WCLA is not a provincial department. It is a provincial public entity as defined in the Public Management Finance Act, 1999 (Act no 1 of 1999) and falls outside the jurisdiction of the Public Service Act.

The main function of the WCLA is to regulate the retail sale (liquor licensing) and micro-manufacturing of liquor in the Province.

The extremely high level of alcohol abuse can, in the main, be attributed to the easy availability of alcohol and the fact that unregulated/unlicensed outlets sell alcohol to minors. It is estimated that 24 000 illegal outlets are operating in the Western Cape, especially in those areas which are most at risk.

The aim of the Department in collaboration with the WCLA, through the AHR Game Changer, is to reduce the number of illegal shebeens trading without a liquor licence.

5.2. Organisational environment:

The Department is structured with four budget programmes namely, Management Support, Civilian Oversight, Provincial Policing Functions and Security Risk Management. Each Programme is managed by a Chief Director and divided into Sub-programmes which are managed by Directors. However the Programmes Civilian Oversight and Provincial Policing functions are managed by one Chief Director. The organogram above depicts the organisational structure of the Department.

The accreditation and capacitation of the NHW function will be transferred from Programme 2 (Civilian Oversight) to Programme 4 (Security Risk Management) with effect from 1 April 2016. Programme 4, Security Risk Management has been tasked to facilitate the accreditation of NHW's as required in terms of the Act. As already mentioned, a business process map, which requires resourcing, is being developed.

Further to this, the Department has been tasked to be the lead department in giving effect to the Alcohol Harm Reduction (AHR) Game Changer as adopted by Cabinet and to assume the executive responsibilities for the Western Cape Liquor Authority (WCLA) as set out in the Western Cape Liquor Act, 2008, Cabinet Resolution 6-1-1.

The Department also employs graduate and PAY interns as well as EPWP workers in alignment to the Provincial Strategic Goal 1 (PSG 1) "Create opportunities for growth and jobs". The interns and EPWP workers assist in closing the gap created by the vacancy rate in the Department.

7. **Service Delivery Improvement Plan (SDIP) Objectives**

The SDIP 2016-2019 aims to:

- a. Outline the key service(s) that Department of Community Safety (DOCS) provides
- b. Identify the service beneficiaries along with the key service(s)
- c. Identify the key service(s) that the DOCS will focus on improving
- d. Provide the current standards for the focus service

8. **Problem Statement**

8.1 **Service One: Facilitating, Reviewing the Implementation of, and Updating the Safety Plan at the PNP Meetings in Policing Clusters**

Section 206 (1) of the Constitution of the Republic of South Africa stipulates that the Cabinet Minister responsible for policing must determine national policing policy after consulting the provincial governments, taking into account the policing needs and priorities of the provinces as determined by the provincial executives. To give effect to this constitutional requirement the DOCS conducts annually an assessment of the policing needs and priorities in the Western Cape as perceived by leaders of the communities within the safety and security field.

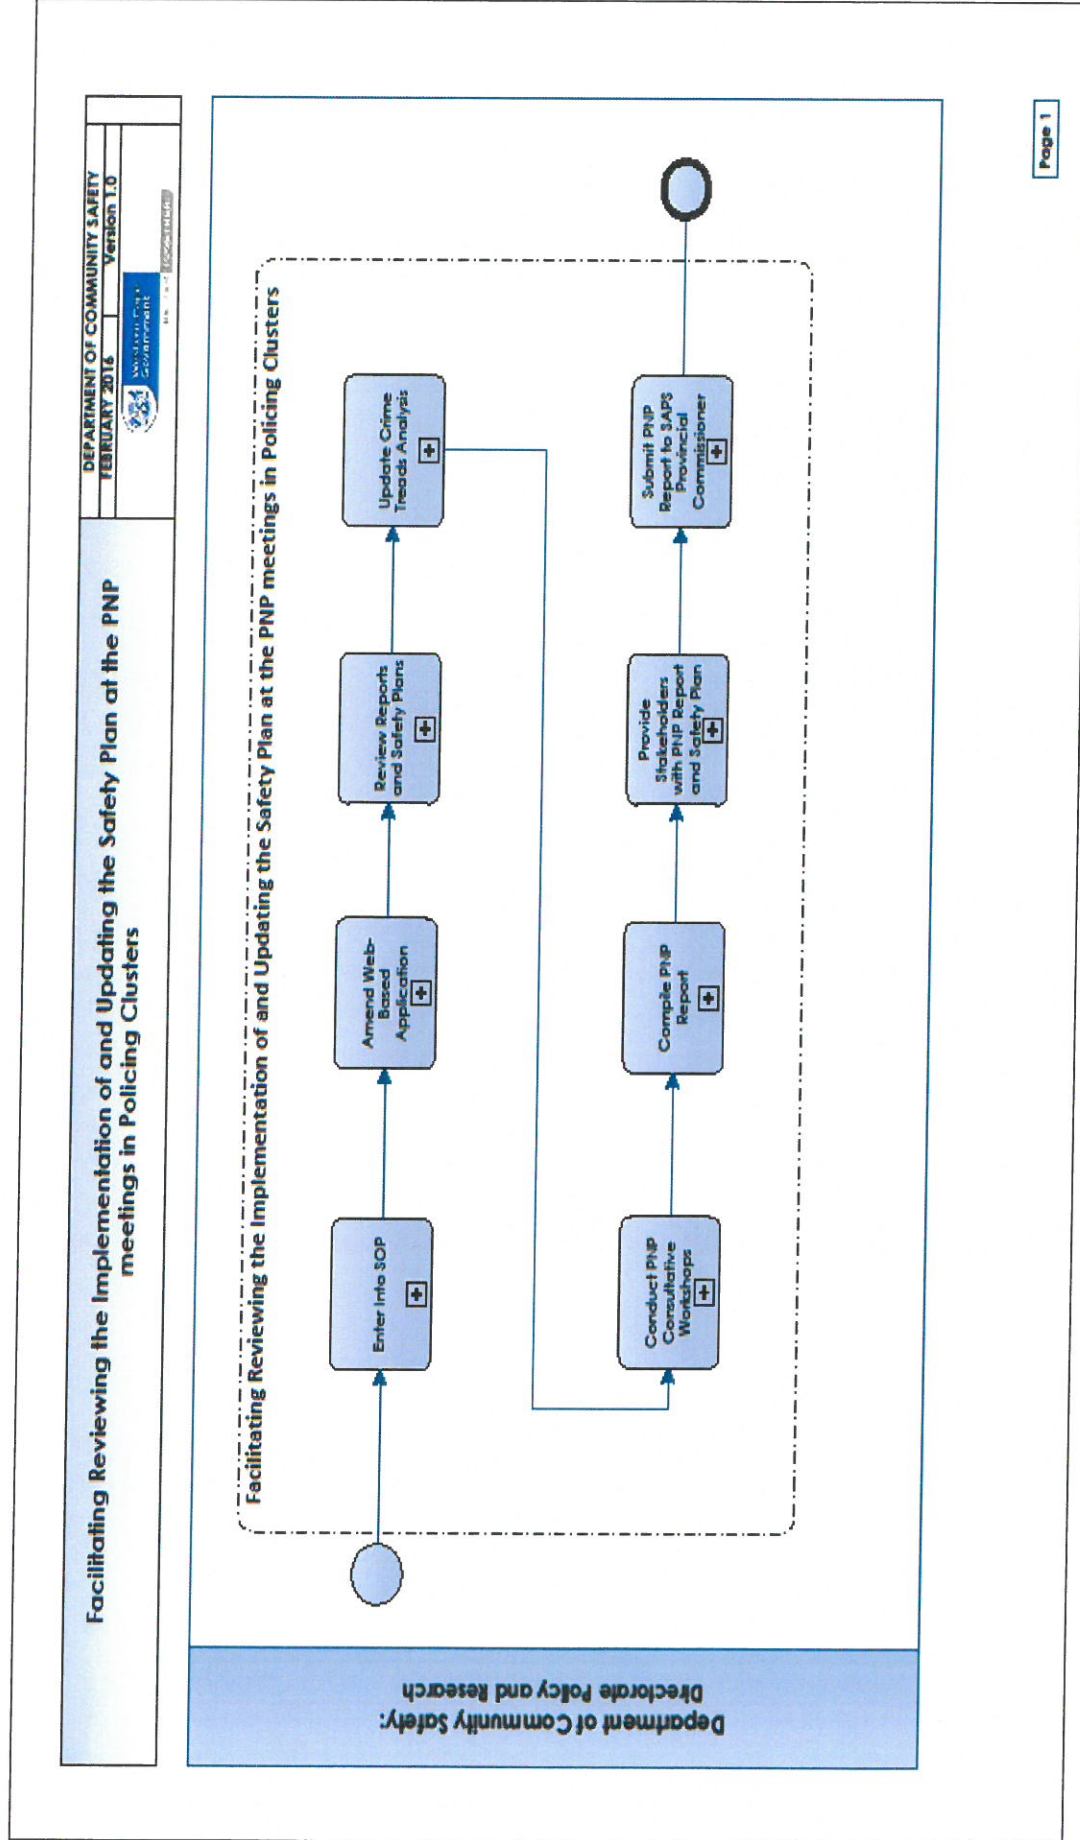

These stakeholders include but are not limited to the following groups: local South African Police Service (SAPS) leaders, Community Police Forum members, neighbourhood watch members, and local councillors, NGOs within the field of safety and security and religious leaders. The aim of this consultation sessions is to assess the policing needs and priorities (PNP's) as perceived by these leaders and to influence the resource allocation within SAPS, other Government Departments and Non-Government Organisations (NGOs). The Department compiles a police cluster and provincial PNP report which is submitted to the SAPS Provincial and National Commissioner. During the past five years the process had limited influence on the resource allocation within SAPS, Government Departments and NGOs.

For the 2015/2016 financial year the DOCS embarked on a process of determining the provincial policing needs and priorities through a consultative process, and compiling a report. During these workshops, the Department engagement the stakeholder participants and compiled a safety plans for each policing cluster.

The safety plans are to be driven through the Community Policing Forum (CPF), with the support of other role players. In addition, to ensure that the safety plans are taken up at a municipal level, the Department will enter into agreements with municipalities to support the safety plans. The Department will also capacitate CPF to serve as the implementing agents for the Safety Plans.

Currently CPFs report to the Department on their oversight and partnership responsibilities via the Expanded Partnership Programme (EPP) e-Report or the Web-based application. However, the current tools are not structured to encourage reporting on the implementation of the safety plan. The web-based application will be amended in 2016/17 to allow for this function.

Table 1: Service One: High-Level Business Process: Facilitating, Reviewing the Implementation of, and Updating the Safety Plan at the PNP Meetings in Policing Clusters (As-Is Process)

8.2 **Service Two: Formal Partnerships Established Who Contribute in the Field of Safety and Security**

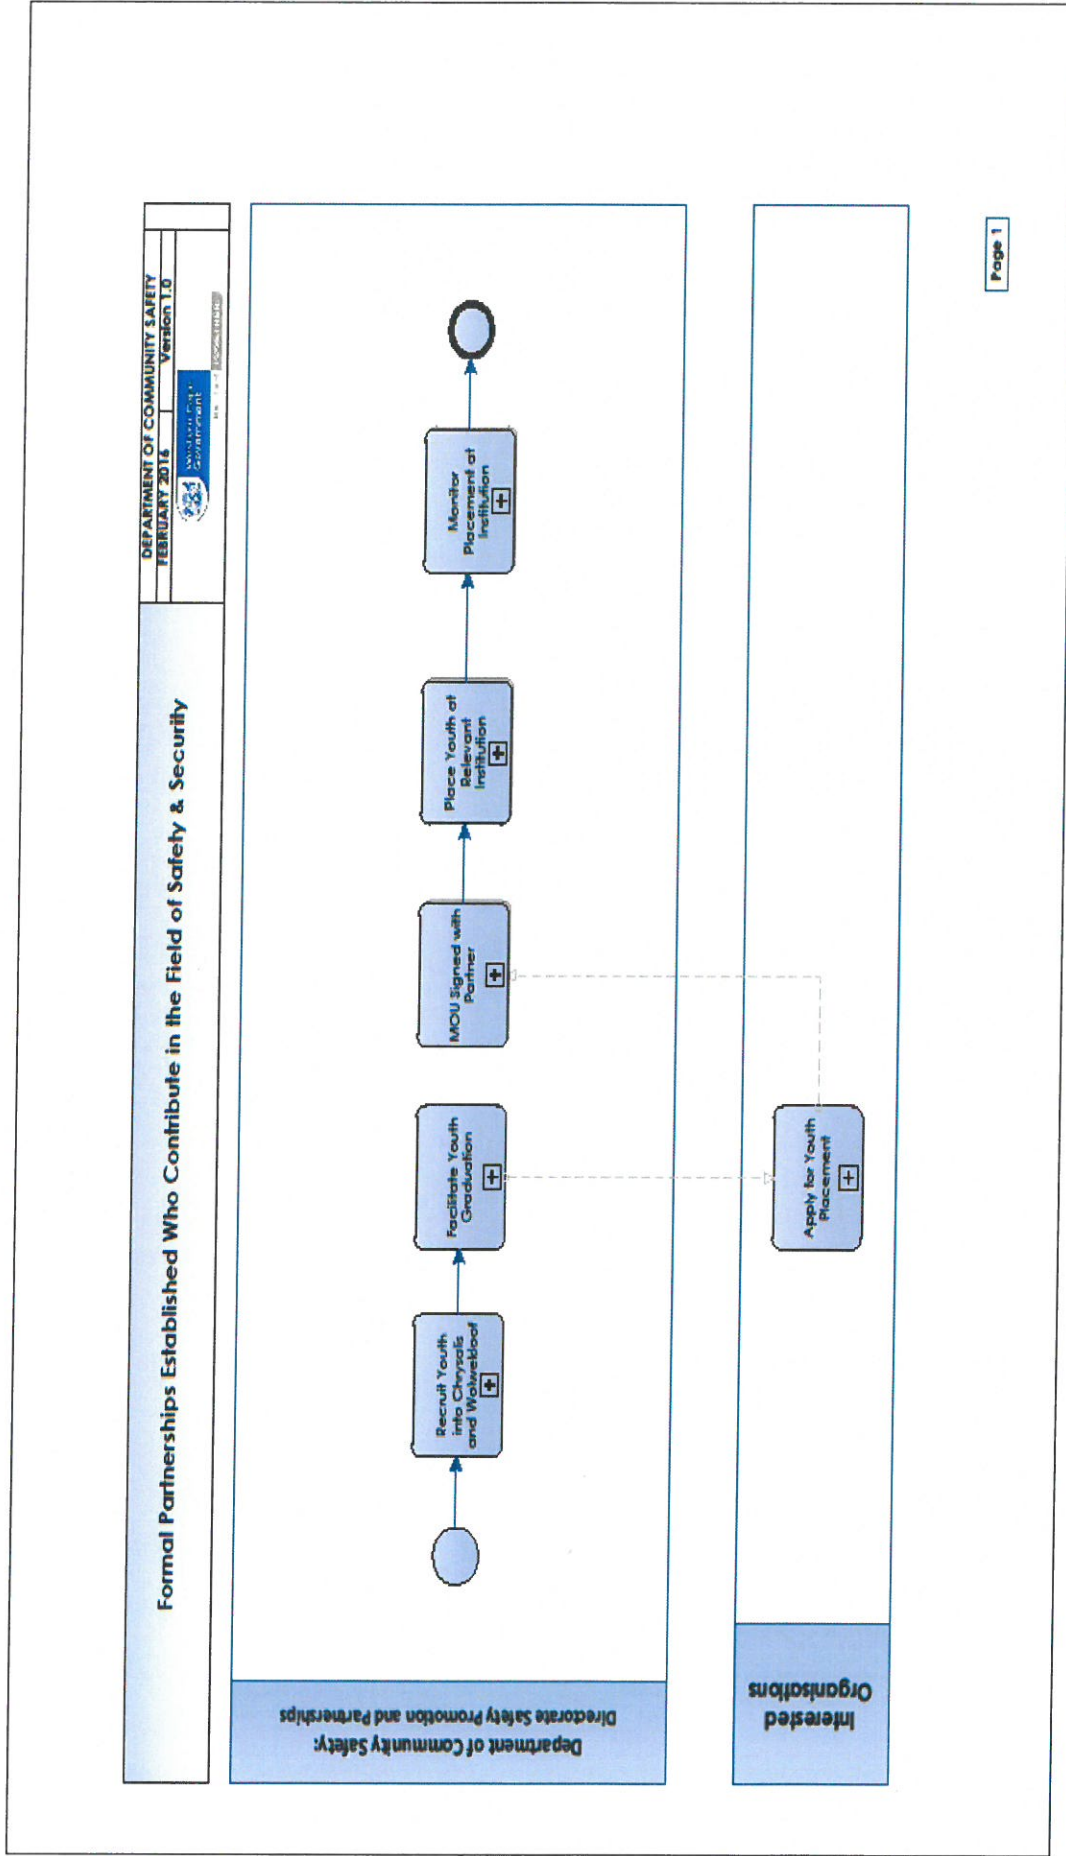

Guided by both national and provincial imperatives to address the on-going inequality and poverty in communities, the high unemployment rate and the unacceptably high crime rate. Furthermore, it recognizes the strategic imperative of impacting positively on the high number of youth between the ages of 18 and 25 who are currently neither in employment, nor education and training.

The Sub-programme will continue to rollout the Wolwekloof Community Safety Academy and will increase its target of 400 (during the previous year of 2015/ 2016) to 600 (2016/ 2017). The programme will target matriculants and will provide for non-residential and residential programmes aims at community safety skills development training with community service assignments in partnerships with local municipalities and relevant other strategic partners.

The Sub-programme will furthermore continue to build on the existing partnership with religious sector aimed at co-production of community safety activities to remove youth from the streets, especially in the high risk areas, during the school holidays and festive season period. This programme will be limited to registered institutions within the religious fraternity.

The Sub-programme will furthermore continue to support the sustainability of the Chrysalis Academy to empower 570 young people at risk during 2016/ 2017 and to enable them to take responsibility for their personal growth. To help youth achieving their personal growth, the Sub-programme will place every successful youth graduate into youth work placement programme for minimum 9 months to maximum 24 months with a safety partner municipality and other relevant strategic safety partners.

The current As-Is process as depicted at page 26 of 38 will be reviewed by the Directorate Safety Promotion and Partnerships in conjunction with Directorate Process Design and Improvement (DotP) during the period 2016 – 2019.

Part C: SDIP Implementation, Monitoring and Reporting Methods

The Service Delivery Improvement Plan is aligned to the strategic plan objectives with a specific measure of improving identified services. The implementation of the plan is infused into the day-to-day operational activities of the Department, in particular the programme in which the standard is monitored.

The standard is equally reported on a quarterly basis to the top management, thereby facilitating tracking of compliance on a quarterly basis. The improvement actions planned herein will be monitored through in year quarterly performance monitoring mechanisms.

Conclusion

The Department of Community Safety is committed to delivering on its mandatory obligations and continuously strive to improve its services to its clients and appropriately account to its stakeholders. There is a deliberate intent from the Top Management to see to the successful implementation of the improvement plan and achieve the objectives set out in this document.
