**Short title**

21. This Act is called the Western Cape Independent Health Complaints Committee Act, 2013.
-

**MEMORANDUM ON THE OBJECTS OF THE DRAFT WESTERN CAPE INDEPENDENT HEALTH  
COMPLAINTS COMMITTEE BILL, 2013**

**1. BACKGROUND**

- 1.1. The Department of Health currently has a system for keeping record of complaints by health-care users regarding health-care services and has specified periods within which complaints must be addressed and feedback provided to complainants. This internal system is carefully monitored by the Quality Assurance component within the Department of Health.
- 1.2. In this system, complaints may be made at all levels of the service platform.
- 1.3. Currently, neither the Provincial Minister responsible for health nor the Head of the Department of Health initiates the investigations of complaints because the system relies on complainants to lodge complaints.
- 1.4. The system as described is an internal departmental process and is dependent on departmental officials to investigate and resolve complaints. This may not be perceived as independent.
- 1.5. The Bill is necessary to empower the Provincial Minister responsible for health and the Head of the Department of Health to initiate the investigation of complaints by referral to the Independent Health Complaints Committee (IHCC). The referral process envisaged in the Bill will enhance the transparency and independence of the complaints system.

**2. OBJECTS OF THE BILL**

- 2.1 The purpose of the Bill is to establish the IHCC.
- 2.2 The proposed IHCC will consist of a three-member committee with the relevant expertise and experience to consider complaints referred to it by the Provincial Minister responsible for health or the Head of the Department of Health.
- 2.3 The provisions of the Bill permit the Provincial Minister responsible for health or the Head of the Department of Health to refer complaints regarding the rendering of health-care services at public health establishments to the IHCC.
- 2.4 The IHCC is empowered by the provisions of the Bill to collect and request documents regarding the complaint, interview persons relevant to the complaint in order to, among other things, obtain information and to visit public health establishments to verify information and to properly consider the matter that has been referred.
- 2.5 The Bill requires the IHCC to provide a report to the referring functionary within a prescribed period containing, among other things, its recommendation to the referring functionary on the resolution of the complaint.
