

TBH Breast Clinic

Walk-in FNA Clinic Run by Sr Cupido: 021 9385406

Flow:

1. Patients are referred from all health facilities within and outside drainage areas.
2. All patients must have a referral letter.
3. No appointment needed.
4. Clinic runs every day- Monday-Friday
5. Attend to 30-40 patients per day.
6. Not all patients are positive for breast cancer.

Results:

1. Positive for Breast Cancer, patient is sent to TBH Mamma Clinic
2. Back to referral centre i.e. DHO/CHC

Mamma Clinic at TBH Reception: Mrs Roman: 021 9385203

Flow: Clinic is managed by Sr September (021 9385205)

1. Patients are seen on appointment basis.
2. Currently there is a 4-5 week waiting time for mamma clinic: 18/4/2019
3. Clinic runs every day Mondays to Thursdays. Friday Mmg is closed, therefore no clinic available.
4. Clinic books 50 patients per day. This included follow up and new patients coming for results.

Positive Breast Cancer Flow:

1. Patients are sent for work-up investigations.
2. Once results are available, it will be discussed by a panel at a CBC which runs every Friday.
No patients are present.
3. 30-35 patients are discussed per week.
4. Patients are then booked for a results clinic which runs every Thursday.

At the result clinic patients will be informed of the decision taken and their management plan will be discussed. This process can easily be between 4-5 weeks since diagnosis.

Ctx Unit: X Block Sr De Kock (021 9384187)

The patients are sent to see the Oncologist in X Block for finalization of ctx prescription. Patients will start CTX on the same Thursday. On average 9-12 new patients will start ctx every Thursday.
