

The Directorate Road Safety Management of the Western Cape Department of Transport and Public Works, in partnership with Road Traffic Management Corporation, annually hosts a Participatory Educational Techniques (PET) Competition.

If your school or community has a road safety problem/issue or situated at a hazardous location this could be your chance to change the problem.

For more information contact:

Nokuzola Letselebe | Assistant Director: Road Safety Management

Participatory Educational Techniques (PET)

What is the PET about?

The PET competition is one of the flagship programmes of the Road Traffic Management Corporation (RTMC) that focuses on identifying hazardous roads or road safety problems and find researched solutions to the problem.

Who can participate or join the programme? Grade 10 and 11 learners

What is the aim of the competition?

The aim of the programme is to encourage learners to identify road safety problems and find hands-on researched solutions to their communities' road safety problems.

What are benefits of the competition to learners?

- Public speaking skills
- Presentation skills
- Research skills

How can a school participate in the competition?

Please visit www.westerncape.gov.za to request a presentation on a programme at your school
