

Take your child to the clinic immediately when you see one or more of these signs

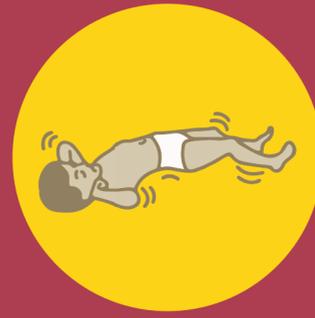

Child vomits up everything

Child can't drink and has a fever

Child cannot breastfeed

Child has fits

Child breathes very fast

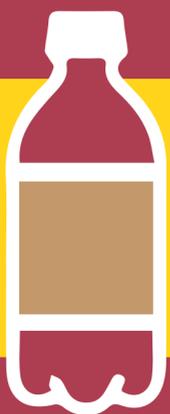

Child has swollen feet and ankles

Child does not wake up

Child has a runny tummy

- » Make the sugar-salt drink to manage diarrhoea
- » Take one litre of clean water and mix in 8 level teaspoons of sugar and half a level teaspoon of salt.
- » Give small amounts often

Wash hands **before** and **after** touching the child
